

1999 Annual Town Report

FREMONT NEW HAMPSHIRE

**GOODWILL, ACTS OF KINDNESS AND
COMMUNITY INVOLVEMENT TO BENEFIT
THE TOWN OF FREMONT**

In 1999, the Town of Fremont was very fortunate to receive several generous donations. This beautiful sign identifying the Fremont Safety Complex Glen and Jackie Hutchins of Glen's Auto. Glen is a longtime member of the Fremont Fire Department; and Glen and Jackie are neighbors to the complex, owning and operating Glen's Auto Sales. The sign has already helped much of the traveling public to locate our new facility.

Just behind the sign on either side are two maples trees that were donated by Louise Rowe in memory of her husband Captain Charles K Rowe, a longtime member of the Fremont Fire Department as well. The spruce tree at the far right was a project done by the Parks & Recreation Commission and is now considered the Community Christmas Tree. It was lit for as part of the Annual Holly Day Festivities.

Smokey the Bear was constructed by members of the Fremont Fire Department and installed on the front lawn last spring. Linda Zukas formed a nice garden at Smokey's feet. The Safety Complex lawn and gardens are a community project for sure. Flowers are donated and planted; with the occasional bucket of manure spread around to help fertilize!

Just adjacent to the building is also the flagpole ensemble, donated by Barbara Baker and her family in memory of George H Baker; a former Selectman and Budget Committee member. The flagpole was donated and installed in 1998. Landscaping bricks form a nice garden at the pole.

The Town thanks these individuals, and many others for their donation of time and energy to keeping these areas looking sharp.

Dedication

The 1999 Annual Town Report is dedicated to several prominent members of our community who served in a variety of capacities over the years. We remember each of them fondly.

Jacqueline Frost Bernier

was a Library Trustee from 1986 to 1995. She was a dearly loved teacher at Ellis School. Her legacy lives on in the many children's lives that she so deeply touched.

James H. O'Connell

was a loyal and dedicated member of the Fremont Volunteer Fire Department for many years. Jim was the Fremont Postmaster from 1949 to 1981.

Robert H. Horsburgh

served in many positions over his years in Fremont. He was a member of the Board of Selectmen, member and Chairman of the Fremont Budget Committee, Solid Waste and Recycling Committee member and Fremont representative to the Southeast Regional Refuse Disposal District 53-B.

Fred L. O'Brien

was a member of the Fremont Police Department for a notable 33 years and was Chief from 1974 to 1978.

Nancy R. Beede

was a member of the Fremont Fire Department from 1988 to 1999.

The presence and many contributions of all these people to the Town of Fremont are missed by many.

Appreciation

Commencing with the 1991 Town Report, the Town has annually recognized a resident who has given much of their time to the town.

**The
1999
Appreciation
Recognizes
*Barbara B.
Bassett***

Barbara has been the Town Treasurer since 1981. She retired in 1994 from Ellis School where she taught third grade for 27 years.

Barbara is the Librarian at the Fremont Public Library, where she has been a steady presence for 16 years.

Barb actively works with the Library Trustees and Study Committee for the future needs and expansion of the Fremont Library.

Her knowledge of the Town and people is always helpful.

We seek her input on many projects in Town, and graciously thank her for all her time and efforts.

NOTES

TOWN OF FREMONT NH
2000 TOWN MEETING WARRANT

To the inhabitants of the Town of Fremont in the County of Rockingham in said State, qualified to vote in Town Affairs:

FIRST SESSION FOR VOTING: TUESDAY MARCH 14, 2000 TO BE HELD AT THE FREMONT TOWN HALL AT 295 MAIN STREET IN FREMONT NEW HAMPSHIRE
TIME: 8:00 AM to 7:00 PM

ARTICLE 1: To choose by ballot all necessary Town Officers for the ensuing year.

ARTICLE 2: Are you in favor of changing the term of the tax collector from one year to three years, beginning with the term of the tax collector to be elected at next year's regular town meeting.

ARTICLE 3: Are you in favor of changing the term of the town clerk from one year to three years, beginning with the term of the town clerk to be elected at next year's regular town meeting.

ARTICLE 4: Are you in favor of changing the term of the town treasurer from one year to three years, beginning with the term of the town treasurer to be elected at next year's regular town meeting.

ARTICLE 5: Are you in favor of amending Article IX Section C 2 d of the Fremont Zoning Ordinance as proposed by the Planning Board to read as follows:

d. Sections a-c above shall be considered minimum buffer areas for watershed protection. In certain cases the Board may require increased watershed boundaries when considering, but not limited to, the following: steepness of slope, importance of watershed to water supply, importance of watershed to wildlife habitat. If the Board makes a determination that increased watershed protection is necessary, the Board may require the watershed protection area to be increased by up to and not exceeding one hundred feet (100').

This article is recommended by the Planning Board.

ARTICLE 6: Are you in favor of amending Article X Item II - F by adding a new Section C-1 of the Fremont Zoning Ordinance as proposed by the Planning Board to read as follows:

C 1. All recreational vehicles placed on sites within Zones A1-30, AH and AE shall either:

a. be on the site for fewer than 180 consecutive days

- b. be fully licensed and ready for highway use; or
- c. meet all standards of Section 60.3 (b) of the National Flood Insurance Program Regulations and the elevation and anchoring requirements for manufactured homes in paragraph (c) (6) of Section 60.3

This article is recommended by the Planning Board.

ARTICLE 7: Are you in favor of amending Article V of the Fremont Zoning Ordinance by adding a new Section 12 to read as follows:

12. All oil-fired and wood or coal burning heating devices shall be connected to a masonry chimney. All chimneys shall be constructed of masonry product and shall sit on a proper masonry base with footings below the frost line. Chimneys shall be lined with tile and extend at least two (2) feet above any structure within ten (10) feet of the chimney. Chimneys shall have clean-out openings at the base. No smoke-pipe shall be allowed to pass through floors or partitions separating rooms, and all entrances to chimneys shall be fire proof construction.

This article is not recommended by the Planning Board.

SECOND SESSION: SATURDAY MARCH 18, 2000 TO BE HELD AT THE ELLIS SCHOOL AT 432 MAIN STREET IN FREMONT NEW HAMPSHIRE
TIME: 5:00 PM

ARTICLE 8: To see if the Town will vote to raise and appropriate the sum of nine thousand five hundred dollars (\$9,500) to purchase a sweeper for the Highway Department. The Selectmen and Budget Committee recommend this appropriation.

ARTICLE 9: To see if the Town will vote to raise and appropriate the sum of sixteen thousand four hundred dollars (\$16,400) for highway construction and hottop overlay on Martin Road. The Selectmen and Budget Committee recommend this appropriation.

ARTICLE 10: To see if the Town will vote to raise and appropriate the sum of forty-seven thousand two hundred dollars (\$47,200) to overlay Sandown Road with a wearing course of pavement. The Selectmen and Budget Committee recommend this appropriation.

ARTICLE 11: To see if the Town will vote to raise and appropriate the sum of nine thousand seven hundred twenty dollars (\$9,720) for hottop installation on Tibbetts Road for a distance of 800 feet in from Route 107. The Selectmen and Budget Committee recommend this appropriation.

ARTICLE 12: To see if the Town will vote to raise and appropriate the sum of eleven thousand seven hundred eighty dollars (\$11,780) to complete the resurfacing of 1,105 feet of Prescott Road. The Selectmen and Budget Committee recommend this appropriation.

ARTICLE 13: To see if the Town will vote to authorize the Selectmen to enter into a five year lease/purchase agreement in the amount of \$160,000 for the purpose of lease/purchasing a new fire truck pumper and to raise and appropriate the sum of seventy thousand dollars (\$70,000) for the chassis down payment; and further to authorize the withdrawal of seventy thousand dollars (\$70,000) from the Fire Truck Capital Reserve Fund for said down payment. The Selectmen and Budget Committee recommend this appropriation. (The total cost of the truck and equipment is \$230,000 and approximate total cost including interest payments is \$266,000). (Majority vote required).

ARTICLE 14: To see if the Town will vote to raise and appropriate the sum of fifty thousand five dollars (\$50,500) to be placed in existing Capital Reserve Funds for the following purposes. The Selectmen and Budget Committee recommend this appropriation. (Majority vote required).

- a. Library \$10,000
- b. Police Cruiser \$10,000
- c. Parks & Recreation Field Development \$10,000
- d. Radio Communication Equipment \$5,000
- e. Emergency Management Vehicle \$3,000
- f. Fire Truck \$12,500

ARTICLE 15: To see if the Town will vote to raise and appropriate the sum of fifteen thousand dollars (\$15,000) for repairs to the Olde Meetinghouse. The Selectmen and Budget Committee recommend this appropriation.

ARTICLE 16: To see if the Town will vote to raise and appropriate the sum of five thousand six hundred eight dollars (\$5,608) to purchase and equip two police patrol vehicles with a Survivalink FirstSave Automated External Defibrillator (AED). The Selectmen and Budget Committee recommend this appropriation.

ARTICLE 17: To see if the Town will vote to raise and appropriate the sum of eight thousand five hundred fifty-eight dollars (\$8,558) to purchase and equip the primary police patrol vehicle with a Kustom Signals Eyewitness Industrial Grade Patrol Car Surveillance System, and a Kustom Signal Golden Eagle Radar System. The Selectmen and Budget Committee recommend this appropriation. (NH Highway Safety Grant offset for this purchase is \$4,278).

ARTICLE 18: To see if the Town will vote to raise and appropriate the sum of eleven thousand eight hundred sixty-three dollars (\$11,863) to purchase and equip the police patrol vehicles with Mobile Computers including computers, mounts, setup, installation and programming. The Selectmen and Budget Committee recommend this appropriation. (COPS More Grant offset for this purchase is \$9,490).

ARTICLE 19: To hear the report of the Budget Committee and take any action the Town deems necessary.

ARTICLE 20: To see if the Town will vote to raise and appropriate the sum of one million one hundred thirty-six thousand five hundred thirty-seven dollars (\$1,136,537) for general municipal operations, exclusive of all other warrant articles.

ARTICLE 21: To see if the Town will vote to accept deeded title for two thousand four hundred eight feet (2,408') of Lynette Lane as designated on Plan # D-25300 from Richard Pierce of Boxford MA, as a town road.

ARTICLE 22: To see if the Town will vote to accept deeded title for one thousand nine hundred feet (1,900') of Victoria Farm Road including a 50 right-of-way as designated on Plan #D-24624 from MDR Corporation of Danville NH, as a town road.

ARTICLE 23: To see if the Town will vote to authorize the Planning Board to prepare and amend a recommended program of municipal capital improvements project (Capital Improvement Program), pursuant to NH RSA 674:5, and to see if the Town will vote to ratify and confirm the actions of the Planning Board in the previous development and adoption of a Capital Improvement program which began in 1987 and continued through 1999.

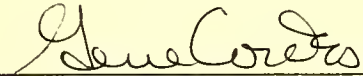

ARTICLE 24: Shall the Town accept the provisions of RSA 202-A:4-c providing that any Town at an annual meeting may adopt an article authorizing indefinitely, until specific rescission of such authority, the Fremont Public Library Trustees to apply for, accept and expend, without further action by the Town Meeting, unanticipated money from a State, Federal or other governmental unit or a private source which becomes available during the fiscal year? (Majority vote required).

ARTICLE 25: Shall the Town accept the provisions of RSA 202-A:4-d providing that any Town at an annual meeting may adopt an article authorizing indefinitely, until specific rescission of such authority, the Fremont Public Library Trustees to accept gifts of personal property, other than money, which may be offered to the Library for any public purpose? (Majority vote required).

ARTICLE 26: To transact any other business that may legally come before this meeting.

Given under our hands and seal this Tenth day of February in the Year of Our Lord Two Thousand.

NOTES

NARRATIVE FOR THE 2000 TOWN MEETING WARRANT

The following narrative seeks to provide additional information for voters pertaining to the articles proposed in the Town Meeting Warrant.

VOTE AT THE POLLS ON MARCH 14, 2000 FROM 8:00 AM TO 7:00 PM AT THE TOWN HALL AT 295 MAIN STREET IN FREMONT:

Article 1 The ballot contains all persons running for an elected position within the Town. There will be separate ballots for officials running for Fremont School District offices as well as Epping/Fremont Cooperative School District office. Sample ballots will be posted at the Town Hall and Post Office for viewing before election day.

Articles 2, 3 and 4 will be voted upon by ballot, at the polls on March 14, 2000. These three articles propose to change the term of office for the Town Clerk, Tax Collector, and Treasurer from one to three years. It is felt that this will enable the person elected to office to get adequate training and be assured it can be used on the job for at least a three year time period.

Articles 5, 6 and 7 will be voted upon by ballot as well. These propose to update the Fremont Zoning Ordinance. **Article 5** deals with the minimum buffer areas for the watershed protection district; **Article 6** updates flood zone requirements for recreational vehicle placement; and **Article 7** was drafted and proposed by the Fire Chief in response to problems that he has experienced with non-masonry chimneys on new construction. He feels that it is a safer alternative to mandate that masonry products be used for all oil-fired, wood and coal burning heating devices.

Articles 5, 6 and 7 will be on the written ballot in summary form. A summary of each article will be presented with the question and a box to check yes or no.

VOTE AT ELLIS SCHOOL GYMNASIUM AT 432 MAIN STREET IN FREMONT NH AT THE ANNUAL TOWN MEETING SATURDAY MARCH 18, 2000 BEGINNING AT 5:00 PM

All remaining articles (number 8 through 26) will be acted upon at the recessed session of Town Meeting which begins at 5:00 pm on Saturday March 18, 2000. This part of the meeting is held at the Ellis School at 432 Main Street, in the gymnasium.

By law, any warrant article requesting funds must be considered by the Selectmen and Budget Committee, and each must make a recommendation on the proposed expenditure. This recommendation is noted at the end of each article.

Article 8 requests funding (\$9,500) for the purchase of a new sweeper for the Highway Department. The sweeper will be towed behind a dump truck to remove excess winter sand; as well as in preparation for paving work. It will eliminate the need to rent this equipment, as is done currently.

Article 9 requests funding (\$16,400) for the Highway Department to perform work on Martin Road. The proposal includes some shoulder work, replacement of one culvert and paving a one inch overlay of hottop from the Epping town line to the bridge.

Article 10 requests funding (\$47,200) for the Highway Department to install a one inch finish wearing course of pavement on Sandown Road from Whittier Drive to the four corners. It also includes shoulder work after the paving is completed. Sandown Road was reconstructed in 1995 and is due for a final wearing course of pavement.

Article 11 requests funding (\$9,720) for hottop installation on Tibbetts Road from Route 107 in a distance of 800 feet. The Road Agent is trying this to see how well it will hold up; and to see if it helps minimize the amount of maintenance currently needed on the road.

Article 12 requests funding (\$11,780) to complete the resurfacing of Prescott Road. This is a project being done by the Town of Raymond, with proportioned funding from the Towns of Fremont, Raymond, and Epping. A portion of the road is in each town. This amount of money covers the 1105 feet of the road in Fremont so that the project can be completed in full.

Article 13 requests funding for a new fire pumper truck. The Fire Department will replace a 1961 pumper truck. Funding for the fiscal year 2000 (\$70,000) is the down payment on the chassis. The full cost of the new truck is \$230,000. The proposed funding package includes making a down payment, for which we will own the chassis. Then the remainder of the cost (\$160,000) will be financed on a lease/purchase arrangement over a five year period. The lease payment of approximately \$39,000 will be included in the town budget in years 2002 through 2006. There will not be a payment made in 2001 using the current proposal. The truck will be ordered if the funding is approved, and by the summer or fall, the down payment will be made upon delivery of the chassis to the factory where the fire truck components will be added to it. Including interest payments over the term of the lease/purchase, the estimated total cost of the truck is \$266,000.

The total cost of the truck includes: an enclosed climate-controlled cab, seating for five people, the body includes a 1000 gallon poly tank to prevent rusting, a 1500 GPM pump with an electronic pressure control and a foam system, extend a gun deck gun monitor, 3 pre-connected attack lines, PTO powered hydraulic generator, rescue style body with large compartments for storage, ladders (with inside storage for ladders out of the weather and fully accessible), hand tools (axes, pike poles, closet hooks, radio system, 4 Self-Contained Breathing Apparatus (SCBA) with 4 spare air bottles, large diameter hose for water supply, hand lines, nozzles, halogen lighting for on-scene lighting, a full NFPA warning system, and on-spot chains for traction in snow and ice.

Article 14 requests funding (\$50,500) for existing capital reserve accounts for the library, police cruiser replacement, parks and recreation future field development, radio communication equipment, an emergency management vehicle, and fire truck replacement. Capital Reserves are created for capital purchases as a type of savings account. They allow the town to set aside a portion each year for some of the larger ticket items. Doing this helps to create a more balanced effect on the tax rate. Additions to existing capital reserve amounts have all been combined into one vote in an effort to simplify the warrant.

Article 15 requests funding (\$15,000) for repairs to the Olde Meetinghouse. It will include repair/replacement of rotted sills; a stone drip edge in front of the building; replacement of the wooden access ramp and regrading of the front lawn; patch flashing and checking for other roof leaks; touch up paint on ceiling stains; and painting of the building will be done so long as the repairs remain within the budget estimate.

Article 16 requests funding (\$5,608) to purchase and equip two police patrol vehicles with a Survivalink FirstSave Automated External Defibrillator (AED). The police officers are the first ones to arrive at an emergency scene in the majority of cases. AED training is now included with all CPR training, and defibrillators can save lives in the event of a witnessed sudden cardiac arrest. These units have a three year or 300-shock battery life and are made for use in cruisers.

Article 17 requests funding (\$8,558) to purchase and equip the primary police patrol vehicle with a Kustom Signals Eyewitness Industrial Grade patrol Car Surveillance System and a Kustom Signal Golden Eagle Radar System. A Grant has been approved by the NH Highway Safety Council which will pay \$4,278 toward this purchase. The Town has to pay the full cost, and receives 50% back in revenue to offset the tax impact. This purchase has many purposes including:

1. Better utilization of patrol time. At this time only one of the marked units is equipped with a mobile radar system.
2. To enhance the evidence gathering procedure. With the video system, actions can be visually taped and used as evidence in court.
3. The system will be interfaced with the radar system and will monitor cruiser speed, as well as any other activity on the roadway while the cruiser is responding.
4. The Officer will wear a microphone. When he/she approaches a stopped vehicle or any other situation, the verbal exchange between the officer and the citizen will be recorded. This can be used as evidence to protect the officer and the Town of Fremont from false accusations.
5. This system will be used as a training aid, in classes on officer safety, emergency responses, evidence gathering, and public relations.

Article 18 requests funding (\$11,863) to purchase and equip the police patrol vehicles with Mobile Computers including computers, mounts, setup, installation and programming. A grant has been approved by COPS More which will pay \$9,490 toward this purchase. Again, the Town makes the purchase and receives 80% back to offset the tax impact. This system will allow the officers to write their reports and keep a daily cruiser log while in the cruiser. At this time they have to return to the Safety Complex and write reports, and they enter their log at the end of each patrol shift. This will allow the officer to spend more time in the cruiser on patrol. This is also one of the steps necessary to complete the mobile link between our computers at the Safety Complex and the computers at Rockingham County Dispatch.

Article 19 is the opportunity for the Budget Committee to make their report on the 2000 budget process and appropriations. The Budget Committee and the Selectmen recommended the same operating budget figure.

Article 20 is the master budget article. This number is the sum total of all operating budgets, and excludes any special warrant articles already voted. The full budget can be found on the State Form MS-7 which is printed on colored pages earlier in the beginning of your Town Report. The

appropriation recommended by the Selectmen and Budget Committee for the general operations of the Town is \$1,136,537.00.

Article 21 was requested by Richard Pierce who developed the Lynette Lane Subdivision located off of Tavern Road in Fremont. The roadway known as Lynette Lane has been completed to town specifications and inspected by the Town's Engineer and Road Agent and found to be in compliance. An affirmative vote makes Lynette Lane a town-accepted roadway.

Article 22 was requested by MDR Corporation who developed the Victoria Farm Subdivision located off of Sandown Road in Fremont. The roadway known as Victoria Farm Road has been completed to town specifications and inspected by the Town's Engineer and Road Agent and found to be in compliance. An affirmative vote makes Victoria Farm Road a town-accepted roadway.

Article 23 seeks to ratify the Capital Improvement Plan that the Town has used and updated over the past thirteen years.

Article 24 will allow the Library Trustees to apply for, accept and expend, without further action by the town meeting, unanticipated money from the state, federal or other governmental unit or a private source which becomes available during the fiscal year. We feel this is an important article as investigative studies are currently ongoing for library expansion and possible new construction. The Trustees may find a grant source which will help with costs of future expansion or planning of the library.

Article 25 will allow the Library Trustees to accept gifts of personal property, other than money, which may be offered to the library for any public purpose. Again, we feel this is important as so much work is ongoing with the library. By accepting this article, the Library Trustees can accept donations toward the future improvements of the library.

Article 26 is the meeting's closure article, to see if there is any other business to be transacted that may legally come before the voters.

We hope this information is helpful to your understanding of the issues to be voted upon at the annual town meeting. If you have specific questions which might be answered in advance of the deliberation session on March 18th, please feel free to call our office at 895-2226.

Fremont Board of Selectmen

1999 TOWN MEETING MINUTES

FREMONT NEW HAMPSHIRE

To the inhabitants of the Town of Fremont in the County of Rockingham in said State, qualified to vote in Town Affairs:

FIRST SESSION FOR VOTING: TUESDAY MARCH 9, 1999 TO BE HELD AT THE
FREMONT TOWN HALL AT 295 MAIN STREET IN FREMONT NEW HAMPSHIRE
TIME: 8:00 AM to 7:00 PM

ARTICLE 1. To choose by ballot all necessary Town Officers for the ensuing year.

The town meeting was opened at 8:00am by Neal Janvrin, Town Moderator Pro Tem. Mr. Janvrin read the town and school warrant.

Absentee ballots that had been received by 3:00 PM were opened and signatures verified.

The polls closed at 7 pm and counting commenced. The ballots were counted by the following: Lori Holmes, Donald Gates, Gene Cordes, Betty Metevier, Rick Clark, Matthew Thomas, Mary Jo Dzioba, Marilyn Baker, Roberta Stevens, Ruth Anderson, Peter Karamourtopolous, Richard Heselton, Thom Roy, Leon Holmes, Jr., Ann Marie Stackpole, Sandra Roy, Jeffrey Webber, and Kim Martineau.

The results of the election were as follows:

ARTICLE 2: Are you in favor of replacing Article XIII "Interim Growth Management" of the Fremont Zoning Ordinance by replacing it with Article XIII "Growth Management and Innovative Land Use Control" as proposed by the Planning Board as follows:

Growth Management and Innovative Land Use Control

I. AUTHORITY

This section is enacted in accordance with both RSA 674:21 and 674:22.

II. PURPOSES

The purposes of this section of the Zoning Ordinance are as follows:

A. Promote the development of an economically sound and environmentally stable community which considers and balances regional development needs.

B. Determine monitor, evaluate and establish a rate of residential growth in the Town that does not unreasonably interfere with the Town's capacity for planned, orderly, and reasonable expansion of its services to accommodate such growth.

C. Provide a temporary mechanism to allow for phased development of residential projects to manage the impact on municipal services.

D. Provide a temporary mechanism when municipal services are strained or overloaded to reduce the rate of residential growth to allow the Town time to correct any deficiencies that have developed.

E. Protect the health, safety, convenience, and general welfare of the Town's residents.

III. FINDINGS

The Town hereby finds that:

A. The rate of population growth in the Town of Fremont has been among the fastest of any town in the immediate area, in Rockingham County, and in the State of New Hampshire.

B. According to the US Census, Fremont is estimated to have grown by 93.2 percent between 1980 and 1990, and at an annual average rate of 6.81 percent whereas the six abutting communities of Brentwood, Chester, Danville, Epping, Raymond and Sandown have grown by an average annual rate of 4.68 percent, the County at 2.6 percent and the State of New Hampshire averaged 1.88 percent per year during the same period.

C. The number of dwelling building permits (both single family and multifamily) has averaged thirty-three dwelling unit permits per year between 1993 and 1997.

D. Ellis School's current enrollment in 1998 at four hundred thirty is at full capacity.

IV. INDICATORS OF GROWTH IMPACT

The Town hereby determines that the presence of the following conditions constitutes an indicator of growth impact. An indicator of growth impact occurs when:

A. The average annual percent increase in building permits for dwelling units in Fremont for the past five years exceeds the same average of the combined six abutting communities by 5 percent.

B. The average annual percent population growth in the Town of Fremont in the past five years as reported by the Office of State Planning exceeds the same average of combined six abutting communities by 5 percent.

C. The number of students enrolled or projected for the coming year for any public school in the Fremont School District exceeds 90 percent of its stated capacity as defined by the Fremont School Board.

D. Growth in the annual full value tax rate of Fremont in the last five years as reported by the New Hampshire Department of Revenue Administration exceeds the average rate of the combined six abutting communities of Rockingham County for the same period by 5 percent.

E. The number of dwelling units of all projects combined, for which approval is being sought from the Board, at any time of reporting, if approved, could result in the conditions defined by A, B, C, or D above.

F. The number of students enrolled or projected for the coming year for any public school in the Fremont School System exceeds 100 percent of its stated capacity as defined by the Fremont School Board.

G. The annual capital expenditures including debt service and capital outlay for combined municipal and school department expenditures exceeds 20 percent of the total municipal and school department expenditures combined.

H. Subsections (A), (B), and (C) are all triggered in the same year.

V. PLANNING BOARD MONITORING

It is the responsibility of the Planning Board to monitor growth in the Town and to report on the following:

A. Annual Dwelling Unit Count: The Planning Board will, by May 15 or other reasonable time of each year, report on the total number of dwelling units existing at the end of its previous calendar year. Existing units mean all those units previously constructed and occupied plus those units constructed and for which Certificates of Occupancy were issued in the reporting year.

B. Semi-Annual Reporting: The Planning Board, by May 15 and November 15, or other reasonable times, may report on the number of building permits and Certificates of Occupancy issued for the previous six months for all dwelling units. In the same report the Planning Board shall report on the status, as appropriate, of any phasing requirements of permit limitations in force in the reporting period.

C. Notice of Growth Impact: The Planning Board may, at any time, issue a Notice of Growth Impact, if it has determined that any of the conditions in Article IV exist. Said Notice would include a statement of whether those conditions could result in either VI (Phasing) or VII (Permit Limitations).

D. Periodic Reporting: The Planning Board may, at any time it thinks it is appropriate or necessary, issue written reports of the status of growth activity in the town, covering such topics as the number of dwelling units or lots being proposed for approval, or for which

building permits are being sought, the condition and capacity of any municipal or school facility, the tax burden existing or anticipated on the Town's residents and/or any other topic affecting or related to the growth or finances of the Town.

Pursuant to the monitoring in A-D above, the Planning Board shall make appropriate findings of fact, recommendations for action or take actions provided for in this Section of the Zoning Ordinance as a result of its monitoring and reporting responsibilities.

VI. PHASING OF DEVELOPMENTS

If the Planning Board, through it's monitoring, finds that indicator Article IV A, B, C, D, or E has occurred, then the Planning Board may, at its discretion, issue a Notice of Growth Impact in conformance with Article V C to the Board of Selectmen, the Building Inspector and the general public by posting a notice in the Town Hall and one other public place. The phasing of future residential developments, as provided in RSA 647:21, is to prevent a strain of municipal services and, therefore, to provide for orderly growth in Town. Phasing may be implemented as provided below:

A. Phasing Required. The Planning Board may require the phasing of a development for a period up to five years for a project which is proposed to have thirty-five dwelling units (lots) or less. For a project larger than thirty-five units or lots, the Planning Board may require a longer period of phasing based on the size of the project and the potential impact of the number of type of units on the municipal services of the Town. The Planning Board shall make appropriate findings of fact to substantiate the need for required phasing.

B. Effects of Phasing. Once a phasing plan has been approved by the Planning Board, the project shall not be affected by any permit limitations subsequently enacted under the provisions of Article VIII D of this Ordinance, provided that the developer secures permits for and begins substantial construction on the project on the units in each yearly phase. The number of building permits issued as part of a phasing plan shall be a maximum limit for any year within the phasing period. Permits unsecured within a specific year may not be applied for until the end of the period and shall be forfeited and the developer shall be subject to any limitations imposed by Article VIII D.

For the purpose of this Section, substantial construction shall mean either (a) all dwelling units in that phase are constructed to a weather-tight condition or (b) 50 percent of all dwelling units in that phase are completed and a Certificate of Occupancy has been given.

C. Termination of Phasing. The above constraints shall be removed if either (a) the Ordinance expires under the provision of Article IX or (b) the Planning Board determines in the Article V monitoring procedures that phasing is no longer necessary.

VII. LIMITING THE ISSUANCE OF PERMITS

If the Planning Board finds through its monitoring that either A, B, C, D, or E, plus one or more of the indicators F, G, or H has occurred, then the Planning Board may, at its discretion, issue a Notice of Growth Impact in conformance with Article V C to the Board of Selectmen, the Building Inspector, and the general public by posting a notice in the Town Hall and one other Public Place.

A. Interim Permit Limitations. Once a Notice of Growth Impact is issued, then no residential building permits shall be approved by the Building Inspector until after the hearing in Article VIII is held and until after the Planning Board has set the number of permits delineated in Article VIII. The Planning Board shall set the number of permits within forty-five days of the Notice of Growth Impact being issued.

VIII. PROCEDURES FOR PHASING AND PERMIT LIMITATIONS

Once a Notice of Growth Impact pursuant to Article V C has been issued, then the following procedures will be observed:

A. Planning Board Finding. The Planning Board will issue appropriate findings of fact to accompany any Notice of Growth Impact issued pursuant to Article V C.

B. Public Hearing. Prior to invoking Article VI (Phasing) or Article VII (Permit Limitations), the Planning Board shall hold a public hearing with ten days notice to seek input from the general public.

C. Determination of Action. After a public hearing in Article VIII B, the Planning Board shall deliberate and decide whether (a) phasing should be invoked, (b) permit limitations should be imposed or (c) other appropriate action, and issue its decisions. Any decision will be issued within forty-five days of the Notice of Growth Impact.

D. Permit Limitations. The following provisions shall apply:

(1) The Planning Board, as part of its decision, may specify what limitations are necessary in the issuance of permits for residential units up until and during any corrective action is taken by the Town and/or School District. In determining the number of permits to be issued, the Planning Board shall consider the severity of the municipal service burden, the amount of capacity remaining in the service, and the amount of time needed to correct the service problem. After determining those facts, the Planning Board shall set the number of dwelling units permits that can reasonably be issued on an annual basis.

(2) After the public hearing, the Planning Board shall set the number of permits to be issued for the one year period following enactment of the limit, or such other shorter period as may be desirable. At the end of the year, or such other shorter period, the Planning Board shall hold a hearing to determine if the permit limitation should be removed or altered.

After making findings of fact, the Planning Board may (a) extend the permit limitation, (b) alter the permit limitation, or (c) remove the permit limitation.

E. Phasing. The Planning Board, as part of its decision, may require phasing in accordance with the provisions of Article VI (Phasing).

F. Equitable Distribution. In order to insure equitable distribution of available permits, no individual, partnership, corporation, or other entity or its related or affiliated entities or, in the case of individuals, their relatives or persons associated in business, may receive more than 20% of the permits or permits for six units, whichever is less, available during the limitation period.

(1) The Building Inspector shall consult with the Planning Board, and the Planning Board shall devise an administrative procedure necessary to insure equitable distribution of available dwelling unit permits under guidelines expressed above.

(2) No application for a building permit will be accepted from any person who, in an attempt to avoid the building permit limitations of this Ordinance, has failed to pay fair consideration as defined by RSA 545:3 or any other person or entity who has the purpose of evasion of the limitations of this Section of the Ordinance.

IX. SUNSET

This Ordinance shall expire at the Annual Town Meeting in the year two thousand and four (2004) unless readopted at that meeting. The Planning Board shall make recommendations as to the necessity and desirability of readopting this Ordinance prior to said Annual Town Meeting.

YES 225
NO 67

**SECOND SESSION: SATURDAY MARCH 13, 1999 TO BE HELD AT THE ELLIS SCHOOL
AT 432 MAIN STREET IN FREMONT NEW HAMPSHIRE
TIME: 5:00 PM**

Ray Bernier, Moderator, called the meeting to order at 5 pm and reminded voters to register with the Supervisors of the Checklist. Mr. Bernier requested a show of hands of non-voters and read the results of the first session of the town meeting on March 9, 1999. Mr. Bernier explained a few guidelines that would be followed:

- (1) 3-minute limit at the microphone. There was no objection to this.
- (2) if reconsideration of an article is made it must be made after the warrant article has been discussed.
- (3) if there is an amendment of an article, it must be made one at a time to avoid confusion.
- (4) the rules of the meeting were explained and Mr. Bernier asked if there were any first-time attenders who needed information or clarification that they raise their hands and ask questions.

The head table was introduced. Estimated attendance - 100.

Mr. Bernier announced that there was a food table sponsored by the PTA and he thanked the students who helped set-up the auditorium for the meeting.

Mr. Bernier commented on several reports in the Town Report.

Mary Anderson and State Rep. Hamel and Beaulieu made a presentation to retiring town clerk, Elizabeth Stanley.

Joseph Dreyer spoke on the retirement of Don Gates as selectmen.

ARTICLE 3: To see if the Town will vote to raise and appropriate the sum of eight thousand eight hundred twenty dollars (\$8,820) to seal Martin Road and do highway reconstruction at the intersection of North and Martin Roads. The Selectmen and Budget Committee recommend this appropriation.

Mary Anderson moved the article; Elizabeth Stanley seconded.
No discussion. **Article passed by voice vote.**

ARTICLE 4: To see if the Town will vote to raise and appropriate the sum of sixty-nine thousand dollars (\$69,000) for highway construction and repaving on Abbott Road. The Selectmen and Budget Committee recommend this appropriation.

Article 4 continued:

Mary Anderson moved the article; Elizabeth Stanley seconded.
No discussion. **Article passed by voice vote.**

ARTICLE 5: To see if the Town will vote to raise and appropriate the sum of twenty-two thousand seven hundred dollars (\$22,700) for highway construction and repaving an overlay on Midnight Sun Drive. The Selectmen and Budget Committee recommend this appropriation.

Gene Cordes moved the article; Don Gates seconded.
No discussion. **Article passed by voice vote.**

ARTICLE 6: To see if the Town will vote to raise and appropriate the sum of seven thousand dollars (\$7,000) for preliminary drawings and site work for a highway maintenance building at 113 Danville Road and authorize the withdrawal of seven thousand dollars (\$7,000) from the Capital Reserve Fund created for that purpose. The Selectmen and Budget Committee recommend this appropriation.

Gene Cordes moved the article; Mary Anderson seconded.

Questions were addressed to the selectmen as to the type of building this was to be and to verify that the total amount to be withdrawn from capital reserve was \$7,000.

Further discussion and explanation on the large amount of money for this type of project. Guerwood Holmes, Road Agent, explained that money is for cutting trees, complete some preliminary site work and work on the drawings for a future building on the site.

Tom Roy, Budget Committee Chair, explained that this money was also for the preliminary drawings to possibly be submitted next year.

Leon Holmes called the question; Gene Cordes seconded. Passed by voice calling for the question. **Article passed by voice vote.**

ARTICLE 7: To see if the Town will vote to raise and appropriate the sum of two thousand five hundred dollars (\$2,500) to refurbish the old town grader. The Selectmen recommend this appropriation. The Budget Committee does not recommend this appropriation.

Mary Anderson moved the article; Elizabeth Stanley seconded.

Peter Bolduc, Budget Committee Member, spoke on the rationale of the budget committee for not recommending the article.

Mrs. Wall questioned the use of the grader. Guerwood Holmes, Road Agent, stated that perhaps this article should be defeated.

Mr. Peterson explained how this grader was used and the historical value of the grader, however, he felt that \$2500 was a ridiculous figure for restoring it. He recommended how this project could be completed for a smaller amount of money.

Leon Holmes called the question; Jackie Bernier seconded. Passed by voice vote to call the question.

Article defeated by voice vote.

Mike O'Keefe moved that articles 3-7 not be reconsidered. Bonnie Freeman seconded. **Passed by voice vote.**

ARTICLE 8: To see if the Town will vote to raise and appropriate the sum of thirty-seven thousand five hundred dollars (\$37,500) to be placed in existing Capital Reserve Funds for the following purposes. The Selectmen and Budget Committee recommend this appropriation. (Majority vote required).

- a. Fire Truck \$12,500
- b. Police Cruiser \$10,000
- c. Parks & Recreation Field Development \$10,000
- d. Radio Communication Equipment \$5,000

Mary Anderson moved the article; Elizabeth Stanley seconded.
No discussion. **Article passed by voice vote.**

ARTICLE 9: To see if the Town will vote to establish a Capital Reserve Fund under the provisions of RSA 35:1 for the purpose of an Emergency Management Vehicle and to raise and appropriate the sum of three thousand dollars (\$3,000) to be placed in this fund. The Selectmen and Budget Committee recommend this appropriation. (Majority vote required).

Mary Anderson moved the article; Elizabeth Stanley seconded.

The moderator requested an explanation for the rationale for this article. Richard Clark selectmen explained that this would open a reserve fund for a possible future purchase of a vehicle for emergency management. Further questions/discussion.

Gene Cordes called the question; Elizabeth Stanley seconded. Passed by voice vote to call the question.

Article passed by voice vote.

ARTICLE 10: To see if the Town will vote to raise and appropriate the sum of ten thousand dollars (\$10,000) for site investigation studies, testing, preliminary drawings and/or site work for future library needs and authorize the withdrawal of ten thousand dollars (\$10,000) from the Capital Reserve Fund created for that purpose. The Selectmen and Budget Committee recommend this appropriation.

Gene Cordes moved the article; Elizabeth Stanley seconded.

John Hennelly, Library Trustee, explained this article.

More information/discussion was requested prior to voting on this article. Further discussion/questions were asked.

After a lengthy discussion, Kevin Zukas called the question; Mary Anderson seconded. Passed by voice vote.

Article passed by voice vote.

It was moved and seconded to not reconsider articles 8-10. Passed by voice vote.

ARTICLE 11: To see if the Town will vote to raise and appropriate the sum of nine hundred twenty dollars (\$920) in support of the Kingston Children's Center. The Selectmen recommend this appropriation. The Budget Committee does not recommend this appropriation.

Mary Anderson moved the article; Elizabeth Stanley seconded.

Explanation was given by a resident who has a child attending the Center. Mary Jo Dzioba, Budget Committee Member, explained why the budget committee did not recommend this article.

Gene Cordes called the question; Don Gates seconded. Passed by voice vote to call the question.

Article defeated by voice vote.

ARTICLE 12: To see if the Town will vote to raise and appropriate the sum of twenty thousand dollars (\$20,000) to purchase and equip a new police cruiser and authorize the withdrawal of twenty thousand dollars (\$20,000) from the Capital Reserve Fund created for that purpose. The Selectmen and Budget Committee recommend this appropriation. (Majority vote required).

Mary Anderson moved the article; Elizabeth Stanley seconded.

Questions and answers followed.

Leon Holmes called the question; Gene Cordes seconded. Passed by voice vote to call the question.

Article passed by voice vote.

ARTICLE 13: To see if the Town will authorize the Selectmen to appoint a Committee to prepare a celebration for the 200th Anniversary of the Olde Meetinghouse and further to raise and appropriate the sum of two thousand five hundred dollars (\$2,500) for this purpose. The Selectmen and Budget Committee recommend this appropriation.

Gene Cordes moved the article; Lori Holmes seconded.

Discussion and questions followed.

Matthew Thomas explained the rationale for the article.

Gene Cordes called the question; Lori Holmes seconded. Passed by voice vote to call the question.

Article passed by voice vote.

ARTICLE 14: To hear the report of the Budget Committee and take any action the Town deems necessary.

Tom Roy, Budget Committee Chairperson, explained the overall increase in the town budget and therefore, an increase of .30 -.40 on the 1999 tax rate. The town percentage of the total tax rate is still going down, therefore, we need to keep this in mind. The overall budget has increased \$140,000 over the previous year.

ARTICLE 15: To see if the Town will vote to raise and appropriate the sum of one million forty-one thousand six hundred eighty-six dollars (\$1,041,686) for general municipal operations, exclusive of other warrant articles.

Gene Cordes moved the article; Lori Holmes seconded.

Gene Cordes made the motion to increase the amount by \$7,184. to a total of \$1,048,870 to cover the overage of the expenditures to complete the siding project of the Town Hall. Gusti Buhrman seconded the motion. After considerable discussion/questions, Leon Holmes called the question

Article 15 continued

Amendment passed by voice vote.

Moderator requested a voice vote to ask questions on the budget. Passed by voice vote.

George Marquis asked questions regarding three line items--(1) increase in general government buildings--Selectmen responded that the increases were for window replacement and painting of the town hall. (2) Police Budget increase of 16%--selectmen explained that we had a 3-year partial grant for a full-time police officer and the % contribution from the grant is decreasing. Neal Janvrin, Police Chief, explained that for many years the town had part-time officers and several years ago the town requested 24 hour coverage. Federal Grants were requested to help cover the cost. The other increase in the budget is to increase the hourly wage of the current police officers. (3) What is the policy of the town of Fremont for hiring full-time personnel--the selectmen explained that there is no such policy. John Ryan, Town Attorney, explained that several individuals are appointed by the selectmen and this is a function of the selectmen's office and does not have to come before the town voters. (4) question on the fire department budget increase of 30%--Richard Heselton, Fire Chief, explained that the increase is for a new program of points for compensating fire department personnel (\$8,000) and a military vehicle was obtained and a pump is being requested to be put on the rear of the vehicle.

Mr. Rouse asked why the selectmen were requesting additional money for town hall repairs. Don Gates explained.

Richard Heselton explained that there are problems that are encountered and there has to be money in the budget to cover the unforeseen costs.

Mike O'Keefe called the question; Joe Dreyer seconded. Passed by voice vote to call the question.

Article as amended to \$1,048,870 was passed by voice vote.

ARTICLE 16: To see if the Town will vote to transfer each year fifty percent (50%) of the revenues in excess of ten thousand dollars (\$10,000) collected pursuant to RSA 79-A (the land use change tax) to a Special Conservation Fund in accordance with RSA 36-A:5III as authorized by RSA 79-A:III. This Special Conservation Fund, to be administered by the Board of Selectmen upon the recommendations of the Conservation Commission shall be used for the purpose of mitigating the loss of undeveloped land by providing for the costs of the acquisition of other open or forested lands, of development rights, of conservation easements and/or of associated surveying or legal costs.

Artemas Richardson moved the article; Gene Cordes seconded. Artemas Richardson, Chairperson of the Conservation Commission, explained the rationale for this article.

Lori Holmes called the question; Bonnie Freeman seconded. Passed by voice vote to call the question. Article passed by voice vote.

ARTICLE 17: To see if the Town will vote to authorize the Selectmen to negotiate the sale or lease of the Town's Old Fire Station building to the Spaulding & Frost Company. Said building is located at 336 Main Street; and is situated on land owned by the Town, Spaulding & Frost Company; and Joseph Jr and Patricia Bolduc.

Page 11 of 13

Mary Anderson moved the article; Gene Cordes seconded.

Matthew Thomas requested clarification of this article stating that he believes the land is not owned by the Town. Richard Heselton explained that the front corner of the fire station is on town owned property obtained by a quick-claim deed from the True Family. Gene Cordes, Selectmen, further explained the article.

Article passed by voice vote.

ARTICLE 18: To see if the Town will vote to accept deeded title for two hundred feet (200') of Pulaski Drive from D & H Construction of Plaistow, as a town road.

Mary Anderson moved the article; Gene Cordes seconded. Guerwood Holmes, Road Agent, explained that this road is ready to be accepted, however, a \$1,000 maintenance bond for 2 years should be requested.

The selectmen explained that the maintenance bond is standard policy, therefore, an amendment to add this to the article is not necessary.

Article passed by voice vote.

ARTICLE 19: To see if the Town will vote to accept deeded title for two hundred feet (200') of Emerson Drive from Peter & Dianne Bolduc, as a town road.

Lori Holmes moved the article; Mary Anderson seconded.

No discussion. **Article passed by voice vote.**

ARTICLE 20: (By Petition) To see if the Town will vote to require that any new Town Ordinances or revisions to any existing Town Ordinances must be approved by the voters at the annual Town Meeting, or by Official Ballot. If circumstances require that an emergency Town Ordinance must be approved, a regular public hearing will be held. Any new Town Ordinance or revision to an existing Town Ordinance that is enacted at an emergency public hearing, must be approved by the voters at the next annual Town Meeting/Official Ballot, or that Ordinance or revision to an existing Ordinance will become null and void.

Mary Anderson moved the article; Elizabeth Stanley seconded.

Keith Stanton, as one of the petitioners, explained the rationale of the article. He stated that many town ordinances are enacted by hearings and no citizens are allowed to speak. John Ryan, Town Counsel, explained the selectmen's responsibilities regarding setting ordinances. Keith suggested that if the selectmen are already doing this, he would make the motion to recall the article.

Helena Dreyer called the question; Chris Kenneway seconded. Passed by voice vote.

Article defeated by voice vote.

Motion was made and seconded not to reconsider article 11-20. Passed by voice vote.

ARTICLE 21: To transact any other business that may legally come before this meeting.

Page 12 of 13

Ray Bernier introduced Heidi Carleson, Adm. Assistant, to the town.

Gene Cordes, Selectmen, explained that he has received several comments from residents on what color the town hall should be painted--white or green/gray. He asked for a show of hands on white or green/gray -- the results were evenly split between the two colors.

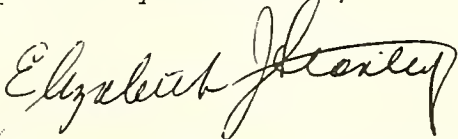

George Marquis asked if funds were in the budget for the towns newsletter. The selectmen stated that there were funds in the budget.
Page 13 of 14

George Marquis made the following motion:

That the creating/hiring of any new permanent position for the Town of Fremont shall come before the annual town meeting. Marilyn Baker seconded the article. After discussion and comments, **the motion was defeated by voice vote.**

Mary Anderson made the motion to adjourn at 8:05 pm. Elizabeth Stanley seconded the motion.

Respectfully submitted,

Elizabeth J. Stanley, Town Clerk

REPORT OF THE AUDITOR

The Town of Fremont Audit Report, State Form MS-60 has been completed for the fiscal year ended December 31, 1998.

A copy has been submitted to the New Hampshire Department of Revenue Administration.

All Departments and accounts were found to be in balance.

Respectfully submitted,

Jack C Baker
Town Auditor

REPORT OF THE BUDGET COMMITTEE

A sincere thank you is deserved to all Budget Committee members, Department Heads, Administrators, Office of Selectmen and numerous volunteers who serve in a variety of ways to ultimately assemble the budgets for Fremont. Our budget process begins in the late fall and carries through to the public hearing held this year on February 8th and then eventually to the Town and School District sessions held in March. This is a long process for all and more so for some – we appreciate the efforts, the discussions, the negotiations, and even the lengthy debates; for this is what makes the budgeting process work.

The Town:

The proposed 2000 Town budget reflects an increase in budget expenses of approximately 17% while being supported by revenue increase projection to approximately the same percent. While these dollar comparisons to last years budget are important; a comparison to the tax setting structure developed each summer with the NH Department of Revenue Administration (DRA) is possibly a more meaningful reflection on the overall impact to our local tax rate. The projected impact when compared to DRA net numbers reflects a decrease in the net amount to be raised by taxes of approximately \$87,200 or a resultant decrease in the Town's portion of the tax rate of about \$-.50 (-18%). With an annual projected growth to the assessed value base, the 2000 tax rate (for the Town's portion) could show an overall decrease of as much as -20%. What matters most here is the absolute execution of the budget as presented at the public hearing; playing equal importance on the revenue projections as well as the expense items. The budget includes about \$200,000 as warrants to the budget. A new piece of fire apparatus is being planned reflecting an offsetting withdrawal of capital reserves for \$70,000. The Highway Department is proposing about \$95,000 of warrants for resurfacing of roads; this amount being consistent with our annual expenditures for such purposes. While the Police Department is proposing about \$25,000 of warrants, these are offset in part through grants. The Police operating budget, Highway Department, and Fire Department operating budgets are also notably up. A \$15,000 warrant for repairs to the Olde Meetinghouse is also being sought. The Budget Committee supports the proposed Town budget.

The School:

The proposed School's expense budget submission represents a flat projection in spending; this effort is impacted by a significant decrease in projected revenues – due, in part, by the return of the fund balance at the conclusion of '98-99 school year; the resultant tax impact being projected at approximately a 23% increase or approximately \$2.10 to the school portion of the tax rate. The budget includes \$140,000 of warrants. Installation of a sprinkler fire protection system is proposed at \$130,000 and \$10,000 is proposed to the expendable surplus fund. The Budget Committee did not recommend \$71,486 of the overall budget as presented; due in part to the large change in operating budgets between June 1999 actual expenditures and the June 2000 projected operating budget. This change in operating budget of slightly more than \$600,000 provides for an opportunity of additional offsetting revenues to assist in holding the tax rate more stable. The Budget Committee recommendation when adjusted for assessed value growth could hold the tax rate increase to approximately 17% or approximately \$1.65; however to hold the rate down, a sizable surplus from the operating budget for year 2000 would have to happen.

Clearly our tax budgets can be "likened" to any operating budget – even our household budgets. Having both an expense side and a revenue side. As with any business operations and projections the revenue or income side carries less certainty; but when this side can be managed while maintaining the proper controls on the expense side - a resultant flatter and more stable tax structure could be maintained.

Respectfully submitted,

Members of the Fremont Budget Committee

Thomas Roy – Chair
Judith Peterson – Secretary
Charles Kimball – Co-Chair
Richard Clark - Selectmen's Representative

Marilyn Baker
Brett Hunter

REPORT OF THE BUILDING INSPECTOR & CODE ENFORCEMENT OFFICER

It was a pleasure to serve the Town of Fremont for another year. It has been a busy year with 156 building permits issued. In my view the Town is at the beginning of a growth period that is enhanced by the completion of Route 101 from the seacoast to Manchester. Planning and Zoning are key to an orderly expansion of the community.

From the building code and code enforcement view, I am working to get the best product from the contractors that can be had. My office uses the latest 1999 BOCA Building Code, and the revised New Hampshire Energy code, to insure a comfortable and safe home.

To clarify the Growth Control Ordinance in effect, at this time only new home permits are affected. Additions or renovations to an existing home are not affected. The intent of the Ordinance is to give the Town time to find or build a High School, and to relieve the over crowding of Ellis Elementary School. If the Epping/Fremont Cooperative School district receives funding and a High School is built, the school crisis well be lessened for the near future.

The breakdown of permits for the year are as follows:

Renovations	14
Homes	63
Garages	15
Pools	16
Additions	20
Sheds	7
Manufactured Homes	4
Decks	9
Kennel	1
Barns	4
Chimneys	2
Replacement	
Manufactured Home	1
Permits Denied	3

There were 37 Certificates of Occupancy for new homes issued during the year of 1999. The discrepancy of new home permits issued and the growth control limit is due to leftover permits from 1998, the vested rights of 3 subdivisions, and there are 16 new home permits on hold as a result of the Growth Control Ordinance. There were 6 permits recalled due to lack of building activity in the 30 day time limit imposed for new home permits.

My office hours **BEEN EXPANDED** effective February 15, 2000. The added hours will be on **TUESDAY afternoons from 12:30 to 4:00 pm**. The Wednesday evening hours from 7:00 to 9:00 pm are still in effect as well. You can reach me during office hours at 895-2226 and other times at 778-7810.

Respectfully submitted,

Gene Perreault
Building Inspector / Code Enforcement Officer

REPORT OF THE BOARD OF SELECTMEN

The Board of Selectmen continues to have a busy agenda. Although 1999 did not have any major projects it was a very active year.

Fremont is one of the fastest growing communities in New Hampshire. The ongoing increase in the number of homes and the related need for services has continued to put day to day increased demands on the Town's personnel.

With the replacement of the Town's public safety facilities, ongoing improvements in the Town's roads, improvements to the Town Hall and upgrades to the Town's computer systems, we believe the Town has been able to cope with growth.

Looking ahead, Article 13 asks for your approval to **replace a fire truck** that is forty years old. We anticipate supporting the **Library Trustees** in their goal of proposing replacement library facilities on the 2001 warrant. We also will be working with the **Road Agent** to review bridge repair needs and to propose a Highway Department storage facility in the year 2001.

Related to Fremont's growth, the single greatest issue that needs to be addressed is the student capacity of the Ellis School and having an adequate long-term plan for our junior and senior high school aged children. This problem is the major reason that our growth management ordinance exists. The implementation of this ordinance has been very stressful to Town Officials and landowners alike, and now is the subject of much legal activity. **As residents, parents and taxpayers, the single greatest thing you can do to help solve this problem is to get involved by attending the cooperative School District Meeting in Epping (Middle/High School) on Thursday March 9, 2000 at 7:00 pm and the Fremont School District meeting on Saturday March 11, 2000 at 5:00 pm (Ellis School). WE URGE YOU TO HELP SOLVE THIS PROBLEM.**

The highlight event of 1999 was the annual Memorial Day observance. Wherein Fremont resident Thomas McGall publicly received the Silver Cross award. The honor was granted to him as the result of his heroic action during the Vietnam War thirty years ago. It was a very special, emotion-filled day that will be memorable to all those who attended.

In May 2000 we are anticipating a Memorial Day weekend event commemorating the 200th Anniversary of Fremont's Meetinghouse. This Historical Society is planning this event. We are anticipating another special day and hope you can participate.

Lastly, we want to extend our thanks and Town's appreciation for the volunteers, Department Heads, and employees who make Fremont an attractive community to live and grow. Without you it would not be possible.

Respectfully submitted,

The Fremont Board of Selectmen

Gene Cordes chairman
Richard C Clark
Norman J Martineau Jr

Annual Report Of The Fremont Conservation Commission 1999

The energy of the Conservation Commission for most of this year has been focused on the review of dredge and fill applications from developers and townspeople, site walks to make inspections and deliberation over appropriate recommendations for grand fathered lots too small to meet current regulations in a continued effort to protect the town's wetlands, surface waters and underground water supply.

Additionally, Conservation Commission members have been actively representing the town of Fremont in the completion and approval of the Exeter River Management Plan through its work with the "Exeter River Local Advisory Committee" (ERLAC) and "The Exeter River Watershed Project". With the acceptance of the plan by the town, it is hoped that management the river and its watershed will be more consistent in all the towns it encompasses. Increasing awareness of the river system through citizen education and participation is still an important focus of the project.

With the passage of a warrant article this past year allowing some of the funds from the current use abandonment tax to be used for the purpose of mitigating the loss of undeveloped land, it is hoped that the Commission will be able to actively pursue plans to acquire open or forested lands and the development rights of conservation easements.

The Selectmen have entered into a signed contract on behalf of the town for timber management in the south section of the Oak Ridge Conservation Lands. The timber management project will help to open up the timber stand and improve the quality of the remaining timber.

In addition, several members of the Commission have had articles published in the Fremont Newsletter pertaining to conservation issues that are relevant to this town in a effort to create an more informed citizenry.

The Conservation Commission meets on the first Monday of each month at 7:30 p.m. in the town hall. Citizen input concerning town conservation issues is always welcome.

Respectfully submitted,

William H Knee

Secretary

REPORT OF THE FIRE DEPARTMENT

To the Residents of Fremont:

Well, we made it through the millennium with no troubles. We were prepared but not needed!

Let's talk about some good things: Glen and Jackie Hutchins of Glen's Auto, donated and installed the beautiful sign identifying the Fremont Safety Complex. On behalf of the Fire Department, we want to thank you so much. Our thanks to Louise Rowe for the donation of two maple trees in memory of her husband, Captain Charles K Rowe. Mr Rowe was a long time member of the Fire Department. The spruce tree at the Safety Complex was donated by the Fremont Parks and Recreation Commission and a good time was enjoyed by all the night of the Christmas lighting, thanks. I would like to mention the following people and I hope I haven't missed anyone. To Captain Charles Kimball for the donation of his point check; Betty Stanley for Christmas lights, book shelving and lamp shade; Kirsten Butler for the kitchen utensils; Ruth Anderson for cutlery knives, forks, etc; Peter LaRoche for the paint; the Fremont Firemen's Association for the rescue boat, trailer, radio, depth finder and all related equipment. The Association also bought a new kitchen stove for the Complex that has gotten a lot of use lately. I sincerely hope I have not missed anyone and if I did, I am very sorry. I wish to thank the many ladies who have cooked and made meals, sandwiches, coffee or whatever for the firefighters at fires or back at the Complex.

Another good thing is the installation of a water treatment system at the Complex. Now we can drink the water and use it on the equipment without getting white stains on the paint and windows. The addition of five rain deflectors over the walk in doors make it so we can now get in without getting soaked. Seems you never have the right key when it is pouring rain.

We are working on the ISO Insurance Rating which will lower the cost of homeowners fire insurance. I have submitted a water sources map with the help of Thom Roy. I was real impressed with it until ISO writes back that the source has to be certified by a hydrologist in relation to the 50 year drought. Is there anyone in Fremont that is a hydrologist? If so, please call me in hopes you would be willing to help us.

We are working on specs and financing of a new Class A rated fire pumper. This would also help with the ISO rating. This piece of equipment would replace the 1961 apparatus. With the use of the Capital Reserve funds now in place for a down payment; and lease payments over five years, there would be just cents on the tax rate. With any LUCK it will save dollars on insurance costs, maybe 15%.

Training is going well under the direction of Captain Kevin Zukas. We have several new members and there is still room for more, but remember it entails about 200 hours of training. This training includes some at the station and some at other locations. If you can see your way, please do it. The Town needs you!

The runs are up a great deal, about 100 more than last year. I guess Thom Roy and our new computer does a better job of record keeping than my old system of notes stuck over the visor of my pickup. All kidding aside, there has been a marked increase of inspections on new homes, day care centers, kindergartens and foster homes.

One of our new firefighters, Steve Toohey Jr, earned his Eagle Scout status with a project he did for the Fire Department. This included painting 12 hydrants, numbering them and checking caps and threads. He also cut brush and made maps of hydrant locations. Congratulations Steve!

We started to get uniforms this year for all the firefighters and will continue next year. It looks good to see the same type and color shirts, jackets, ties and pants.

This Christmas we had an early morning fire on Pond Lane that could have easily been a fatal fire. The family did a good job to get everybody out and the firefighters made an exceptionally good stop. They kept the fire in the basement and little, if any, damage was done to the main floor. Congratulations guys on a job well done. Note this fire was under the direction of Assistance Chief Gordon Copp.

Now for the bad things: People are still NOT getting burning permits or calling the Fire Department when snow is on the ground. There is a copy of the State Laws on burning enclosed in your town report (green flyer). PLEASE ABIDE BY THEM! It costs money to respond to a NO PERMIT fire and there is always the danger of an accident when responding.

I have tried to do away with power vents by proposing a Zoning Ordinance amendment on the Town Meeting ballot. Article 7 proposes to allow only masonry chimneys. Residents that have them should realize the power vents are a mechanical device that will need periodic service and have a questionable life span. Many have not been placed in proper locations (down wind) in homes and are mounted so they can soot the sides of the house. They are just not the same as a natural draft chimney. In fact I inspected a new installation recently that caused frost to build on the house siding, due to the fact that it was located on the windy side and it was a zero degree day.

Another problem is the residents using Ellis School after hours. They insist on parking in FIRE LANES and in front of the Fire Department connection to the school sprinkler system. I don't understand why this continues, as it is good exercise to walk!

In closing, I wish to thank the Selectmen, women in the office, and town residents for their financial support. Also, to the Police and Rescue Squad for their help this year. You should see the Police Chief drag hose!! My many thanks go to the Officer and members of the Fremont Fire Department for the support and endless hours they have put in through the year to make the Fremont Fire Department the great organization that it has become. My sincere thanks!

Respectfully submitted,

R C Heselton
Fire Chief

FOREST FIRE WARDEN & STATE FOREST RANGER REPORT

To aid your Forest Fire Warden, Fire Department and State Forest Ranger, contact your local Warden or Fire Department to find out if a permit is required before doing ANY outside burning. Fire permits are required for any open burning unless the ground is completely covered with snow where the burning will be done. Violations of RSA 227-L:17, the fire permit law and the other burning laws of the State of New Hampshire are misdemeanors, punishable by fines of up to \$2,000 and/or a year in jail. Violators are also liable for all fire suppression costs.

There are eleven Forest Rangers who work for the New Hampshire Division of Forests and Lands, Forest Protection Bureau. During the 1999 season Forest Rangers were busy assisting communities with suppression of difficult and remote multi-day fires. Forest Rangers have also investigated numerous complaints regarding violations of the timber harvest and forest fire laws, and taken enforcement action to ensure compliance. If you have any questions regarding forest fire or timber harvest laws, please call our office at 271-2217.

There are 2400 Forest Fire Wardens and Deputy Forest Fire Wardens throughout the State. Each town has a Forest Fire Warden and several Deputy Wardens who assist the Forest Rangers with forest fire suppression, prevention, and law enforcement. The 1999 fire season was a challenging but safe year for wildland firefighters in New Hampshire. The severe drought conditions throughout the spring and summer months combined with residual effects of 1998 Ice Storm, resulted in a dramatic increase in wildland fires. In addition to burning in excess of 452 acres, 35 structures were also impacted by wildfire. Wildland fires in the urban interface is a serious concern for both landowners and firefighters. Homeowners can help protect their structures by maintaining adequate green space around them and making sure that houses are properly identified with street numbers.

The State of New Hampshire operates 15 fire towers, 2 mobile patrols and 3 contract aircraft patrols. This early detection and reports from citizens aid in the quick response from local fire departments. This is a critical factor in controlling the size of wildland fires and keeping the loss of property and suppression costs as low as possible.

Please contact your local fire department before doing ANY outside burning. **REMEMBER ONLY YOU CAN PREVENT FOREST FIRES!!**

REPORT OF THE HEALTH OFFICER

Thanks to all the residents of Fremont for trying to keep our town a healthy and happy place to live. It has made my job much easier.

The Exeter River was monitored again in the summer for the presence of E. Coli and found to be safe for swimming. However, the river is never safe for drinking.

Be aware that if a nocturnal animal is wandering around the streets or in your yard during the day, it may well have rabies. Stay away from it and notify the Animal Control Officer as to its location. (The Fremont Animal Control Officer can be reached by calling Rockingham County Dispatch at 679-2225). Keep pets away from any questionable wild animal. Make sure your pets have their rabies shots on schedule.

My thanks to all the Town Officials who helped me with my duties when requested. It has been a pleasure to work with you all.

Respectfully submitted,

Trudie Butler
Health Officer

1999 - A LOOK BACK ON AN INCREDIBLE YEAR FOR AN INCREDIBLE TOWN

1999 started off with a bang when a mild earthquake centered in Merrimac, Massachusetts, rumbled through the region on January 10th. It measured only 2.7 on the Richter scale and was felt in Fremont. With the exception of some dishes rattling, little or no damage was done in town.

The weather in 1999 was unusually hot and dry during the summer, and snowless during autumn and early winter. The foliage was about a week late, but was still quite spectacular. The first significant snowfall did not take place until January 13, 2000. The weather was unusually mild and warm throughout autumn making for the warmest year on record.

The Fremont Post Office interior was remodeled in February in an effort to make more room for a growing community.

In March Fremont and Epping elected their first cooperative school board members. The Cooperative High School Committee later in the year selected a parcel of land off Hedding Road in Epping for a proposed new High School site. The Fremont sites that were under consideration were ruled impractical for various reasons.

The re-siding of the Fremont Town Hall and installation of weatherproof windows was completed in mid February. This was the first time since the building was built in 1911 that the building has required new metal siding. During the past 88 years, this metal exterior siding has saved the town's taxpayers considerable money in paint and labor costs. Fremont's unique town hall is one of only two known metal-sided town halls in New England, and is the only one in New Hampshire. The other one is in Shoreham, Vermont.

At the March Town Meeting, Fremonters adopted a growth control ordinance that was put into effect in April. The ordinance is currently being challenged in court.

Spaulding & Frost Cooperage closed down its manufacturing operations in October. This year marked the 125th anniversary of the cooperage. It is hoped that a buyer can be found that will continue this historic landmark into the new century. It is the oldest operating cooperage in the world.

Cooperage Festivals took place on May 22 and October 17. The Fall Festival drew roughly 3,000 people. In January, the *Guinness Book of World Records* made it official - the 16 foot high, 10 foot wide barrel made by Spaulding & Frost Cooperage was the largest barrel in the world! It could hold 7,200 gallons of liquid. It is on display at the Red Hook Brewery in Portsmouth.

The Spaulding & Frost Cooperage of Fremont was honored as one of a very few select New Hampshire companies chosen to represent the state at the popular Smithsonian Folklife Festival held on the National Mall in Washington, DC. This popular two week Exhibition, which also featured Romania and South Africa, in addition to New Hampshire, and drew over 1.2 million visitors from around the world. In May, the Cooperage received extensive coverage when it was featured on the ever-popular WCVB- TV program "**Chronicle**," and on "**NH Crossroads**" in January.

Townpeople were hit hard by a string of unexpected deaths in April, as well as others as the year progressed. Richard Grant, Carey Doucette, Jacqueline Bernier and James H. O'Connell all passed away in April leaving the town stunned by the unusual and painful sequence of deaths. Mrs. Bernier was a popular and admired Ellis School teacher; Mr. O'Connell, a cheerful and respected gentleman who served as town postmaster between 1949-1981. Miss Doucette, a young lady with a promising future, was only 19 years old; and Mr. Grant, a quiet, unassuming young man and father of two, was just 41. Three more tragedies occurred later in the year when Dennis Cummings, aged 42, was killed in a hit and run accident in Epping; Nancy Beede, aged 44, died tragically in October and was the last of the once large and prominent Beede Family, which dated back in town to 1741. Charles Tidd, aged 79, a longtime respected town resident, died of hypothermia in December after wandering away from his home in the middle of the night. He was found behind the old Fremont Fire Station in the morning and taken to Exeter Hospital where he later expired.

Former Fremont Police Chief Fred O'Brien passed away at the age of 80 in September. Fred served as Chief from 1974-1978, and served on the Fremont Police Department for 33 years! He was an honorable and good-natured person who loved his adopted hometown.

The Fremont Library Study Committee was formed and began looking into the possibility of finding a more suitable alternative to the very cramped town library facility that is currently housed in a small one-room schoolhouse built in 1895.

Sgt. Thomas "Tom" McGall, a distinguished Vietnam War veteran who served in the 101st Airborne Division as one of the celebrated Screaming Eagles, was presented with the prestigious **Silver Star Medal** during a moving Memorial Day ceremony in Fremont on May 30th. He was presented with this distinguished award because of his heroic effort in saving another soldier's life during the historic Battle of Hamburger Hill in 1969. In addition to the Silver Star, Sergeant McGall had been the recipient of **three Purple Hearts** and the **Bronze Star Medal**, all awarded during his one year tour in Vietnam between October 1968 and October 1969. *The Town of Fremont proudly tips hat to you Mr. McGall.* It's nice to know that there are still quiet, unassuming heroes among us, yet sad in this fast-paced life of ours, that we don't always fully realize and appreciate the many sacrifices made by our outstanding war veterans. Tom, and so many others, deserve our respect and sincere thanks. Memorial Day 1999 in Fremont represented admirably what Memorial Day is suppose to be - honoring and remembering our brave soldiers of all wars with respect, appreciation, and gratitude. Few towns do it as well as Fremont!

Tom McGall was later featured in a special two-hour documentary titled "*True Story of the Screaming Eagles: The 101st Airborne*" on the History Channel in August. The first Fremonter ever, to be featured on a major worldwide television channel.

The former Fremont all-girl band "**The Shaggs**" which performed locally between 1968 and 1975, received national attention in September 27 edition of the *New Yorker Magazine*. Dorothy, Betty & Helen Wiggin, sisters, organized a band with the help of their father Austin Wiggin in the late 1960s and cut two record albums before disbanding in 1975. Because of their so-called "pure, unspoiled, original music style," they have become either famous or infamous (depending upon your musical tastes) over the past 30 years. They have a respectable group of admirers nationwide who love the originality of their music and have caused their rare record albums to become worth \$300 to \$500 each. Currently efforts are underway for the British Broadcasting Company (BBC) to do a special documentary on the Shaggs that will be viewed in England and eventually in the United States. Interviews have already been conducted. The Shaggs performed in November at a sold-out performance in New York City consisting of over 500+ fans. The audience loved them! This was their first performance since breaking up after the death of their father in 1975. Believe it or not, there is even talk of a movie being made on the Shaggs, but of course that remains to be seen, but in the meantime, who said we live in a dull town?

Fremont native and Raymond resident, Mildred (Emerson) Hall born in 1899 celebrated her 100th birthday on January 16th. At the time of this writing she has celebrated her 101 st birthday. Ruby (Brown) Weir of Manchester, also a Fremont native, turned 101 on December 28th. Norine (Clement) Emerson (Mildred Hall's sister-in-law) turned 99 on December 8th. It is hoped these three esteemed ladies will welcome in the 21 st century on January 1, 2001 - thereby having the distinct honor of living in the 19th, 20th and 21st centuries.

Liberty Square Market (formerly Vining's & Bosworth's Market) still did not open in 1999. This was the first year since this comer store opened in 1820 that it did not serve the public. Hopefully it will open sometime in the year 2000.

A wandering feisty emu bird was seen and captured in a Fremont hay field in June. The large, shaggy fellow was brought to the Fremont Animal Hospital until someone could claim it.

Fremont's "**Wall Warriors**" under 12 Girls Softball Team won the **New England Softball Tournament B-Division Championship Title** beating teams from Maine, Massachusetts and New Hampshire in an extremely exciting competition. Congratulations girls for an outstanding performance!! You have made your hometown very proud. Keep up the great work and good luck in 2000.

The impressive Fremont Safety Complex sign was generously donated by Glen's Auto Sales (Glen & Jacqueline Hutchins) and erected in May.

Cavil Mill Road was laid out in May and paved in August. This road is in Glidden Hill Estates off Sandown Road. Hall Road, was laid out in 1998 and paved on November 2, 1999. Bluefish Drive off Beede Road was laid out in late August and was paved in October. Eighteen houses were built in the Mason's Comer Development during 1999 with five in Glidden Hill Estates, and three in Gristmill Landing. Several houses popped up all around town through the year, especially along Beede Road.

The last two remaining grass triangles at Fremont road intersections were both paved over in 1999. They were at the east end of Abbott Road and the south end of Martin Road. Back in the late 1800s, a watering trough for horses stood on the Martin Road triangle.

Robert Danderson, a former resident of Fremont and State Representative from District 11, was elected mayor of Berlin, NH in November. Jason Schreiber was made Editor of the Exeter Newsletter. He was formerly a reporter and editor of the Rockingham News in 1998.

Businesses that opened in town during 1999 included the Home Plate Diner which opened in April down near Jackethole on Route 107. Briarwood Farm Herbs & Flowers owned by Linda & Larry Stilwell opened on Chester Road in May.

Like most area towns, Fremont did not sponsor a special town celebration to usher in the exciting New Year 2000. It was a moderately cool night with no dreaded Y2K problems occurring after the stroke of midnight.

Don't forget folks, the 200th Anniversary of the historic 1800 Fremont Meeting house will take place on May 28, 2000 immediately following the Memorial Day ceremonies. This meeting house is just one of two 18th-Century twin-porch meeting houses in the United States. This historic structure is listed on the National Register of Historic Landmarks and is one of five state historic sites in Fremont. We plan to have an old-fashioned Town Picnic with music, food, speeches and souvenirs available for a noteworthy celebration. Don't miss this special observance of Fremont's most symbolic and historic building.

May New Year 2000 be just as exciting as 1999 - less the earthquake!

Respectfully submitted,

Matthew E Thomas
Town Historian

REPORT OF LIBRARY TRUSTEES

One of the first things the Trustees did this year was conduct a survey to find out which direction the residents wanted us to go with respect to a new library. When the returns were compiled, the vast majority wanted a new building, centrally located, with a children's room, computers, reading areas, meeting/conference room, copy and fax machines, videos, audios and other assorted programs. Even though we don't expect to have all of these amenities in the beginning, it is better to provide for future needs at the time the building is built.

Because of the wishes of the majority of residents, the Trustees are in the process of acquiring land that will be the site of the new Fremont Public Library. During the year, we investigated several different sites. As soon as land is acquired, it will be surveyed and then work will begin with the architect. The Library Building Committee (which has been meeting all year) has received the first draft of a report by Library Consultant Patience Jackson, who was hired after interviews with several candidates. At the present time, the Committee is studying this report and is in the process of interviewing architects.

Our Librarian, Barbara Bassett, attended a course this year to improve the skills that are needed today in the operation of a modern day library. We are providing for her to attend more courses in the year 2000.

The death of Jackie Bernier, a former Trustee, friend and beloved teacher, saddened us all and because of the generosity of her many friends, over \$6,000 was donated to the Library in her memory. Our new building will illustrate her love of children and literature. Because of their love for Jackie and desire that her name never be forgotten, two young students from Pinkerton Academy, Juliann Minnon and Erin Taylor, have been working diligently on our Library Building Committee. They are a driving force on this committee.

A Friends of the Library group has been established with Cheryl Rowell as President. Hopefully, this group will flourish in their efforts to promote programs of interest to both young and old in our community. The initial meeting is scheduled for February. Feel free to join them in their efforts to promote the Library.

The Library will be open four additional hours beginning in March (specific time to be announced). Don't forget that we are connected to the Internet. Among other things, the entire National Geographic series of magazines can be accessed with the software that we have. The Building Committee meets at the Safety Complex on the 2nd and 4th Wednesday each month. Please join us in our efforts to bring a new modern library to Fremont. We welcome input from any and all residents, and for those who have been working since March to bring us a new building, the Trustees are grateful.

PARKS & RECREATION REPORT

The Parks & Recreation Commission's goal is to provide recreational programs and activities for the community, while overseeing the maintenance and upgrade of our parks and fields. In 1999 the Commission experienced a successful and eventful year with the assistance of many community members and organizations. Past recreational programs were continued and additional activities were implemented. Both proved to be successful. Long range goals are being processed to further upgrade our parks and fields.

The Commission is proud of the activities that were implemented in 1999. These activities include our annual Easter Pancake Breakfast, the Memorial Day Parade, the Halloween Party and Holly Day. The Easter Pancake Breakfast was a huge success, bringing in many community members. As with past years the Commission supported the Memorial Day Parade through a bike and carriage ride. Over 200 children attended the Halloween Party, an eventful day filled with costumes, crafts, bobbing for apples, and dancing. Parks and Recreation sponsored a giving tree, hat and mitten drive, a visit from Mrs Claus, caroling, a tree lighting, and crafts for the children during the Holly Day town celebration. Thank you to all the individuals and organizations that worked together to make these activities successful.

We enjoyed a resounding success with our six-week children's summer program. The summer program is offered to families in Fremont with children between grades one and eight. Children experienced a safe and fun place to spend time during the months of July and August. Fun activities included crafts, creative writing, games, and many field trips. With the commitment of our Director, Assistant Director, and all the staff, we are anticipating an exciting 2000 summer program. Other programs offered by the Parks and Recreation Commission are a children's playgroup and a story hour. Both of these programs are offered on a weekly basis to children between the ages of one and six. Many residents have taken advantage of these programs, which provide strong community involvement.

We thank the community for their continued involvement in making all these programs and activities a success. Without the volunteers from the community, none of the activities would be possible. During these activities many young adults also assisted. Thank you to all who supported the community with your time. Special thanks to the other organizations, to which our community members belong, such as the PTA, Athletic Association, Ellis School Employees, Selectmen and Town Office Staff.

In 2000 the Commission plans to offer all the activities and programs from the past year along with a few others. We are dedicated to continuing successful programs and seeking new ways to build the community through added activities and programs. our Commission is now at full capacity with five members. Welcome to Jon Benson, our newest member.

The Commission would like to recognize past member Mary Jo Dzioba. Mary Jo served on the Commission for several years. Her time and dedication has made the community stronger. She is truly missed. We wish you the best Mary Jo, thank you for all you have done for the Commission and the Town of Fremont!

PLANNING BOARD REPORT

1999 was a productive year for the Planning Board. The Board adopted amendments to rules and regulations as required by the State of New Hampshire and in response to the growing needs of the community. These amendments can be found throughout the **Site Plan Review, Subdivision, and Excavation Regulations**.

With the help of Rockingham Planning Commission, the Board worked diligently to implement a Growth Control Ordinance that would aid in effective growth for the community.

This year the Planning Board reviewed and/or acted upon:

Seven Site Plan Review Applications

Five businesses of which three were expansions of existing businesses

Seven Subdivision Applications

Thirty-two new building lots were created

Two Lot Line Adjustment Applications

Excavation Applications

Six renewal permits

One amended permit

I would like to thank each and every member of the Board for the numerous hours of dedicated service:

Michael O'Keefe Co-Chairman

Norman Martineau Selectman

Leon Holmes Jr

Marilyn Baker

Kevin Herrmann

Scott Reid

Peter Gibb Alternate

I give special thanks to the following individuals:

Meredith Bolduc Planning Board Secretary

Gene Perreault Building Inspector/Code Enforcement Officer

If you have any input or concern that you think will benefit the Planning Board or your community, please feel free to contact the Board through Meredith Bolduc at 895-2226 during office hours Tuesday and Wednesday 9:00 am to 12 noon at the Town Hall.

Respectfully submitted,

Mike Tuscano
Chairman

POLICE DEPARTMENT REPORT

Since I was first elected Police Chief for the Town of Fremont in 1989, there have been many changes in our town. They include 26 new streets, 363 new homes, over 800 new residents, traffic counts that have gone up 75% from 4116 vehicles per day to 7378 vehicles per day. Most of the changes seem small, but when you look at the whole picture, there has been a drastic change in the complexion of our Town. Unfortunately these changes have placed a strain on all of the Emergency Services within the Town.

I have seen a dramatic increase in both the calls for service and the patrol activity. Our number of reports has risen 110% since 1992, and our patrol activity has gone up 28 % in just one year.

With the financial help of many of our residents and local businesses, and the continuing cooperation and dedication of the staff at the Ellis School, High Sheriff James D. Linehan, Lieutenant James Szeliga and the staff of the Rockingham County Sheriff's Department, and Barbara Baker of the Fremont Police Department, we were able to complete our sixth D A R E (Drug Abuse Resistance Education) Program. We have again offered the program to the 1999-2000 class.

The Fremont Police Explorer Post #249 was very active in 1999, working at many civic events. The Post is actively seeking new members who are interested in law enforcement. Anyone over the age of 14, who would like a chance to look at a challenging career, should contact the Fremont Police Department at 895-2229

The Fremont Police Department responded to 1536 calls for service. We conducted 3177 vacant house checks, and 4281 business checks. We stopped 1557 motor vehicles which resulted in 297 summonses being issued. We arrested 93 individuals.

I have listed by category the type and number of reportable offenses to which the Fremont Police Department responded:

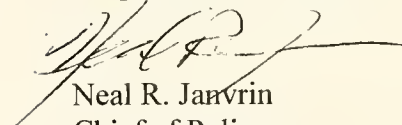

Rape	1	Burglary	13
Theft	42	Motor Vehicle Theft	8
Assaults	24	Fraud	11
Recovered Property	9	Vandalism	57
Weapons	1	Assist Fire/Ambulance	119
Drug Offenses	6	Domestic	44
D.W.I.	8	Liquor Laws	4
Untimely Death	5	Disorderly Conduct	2

Alarms	65	All Other Except Traffic	182
Juvenile	50	Motor Vehicle Accidents	61
Towed Motor Vehicles	5	Assist Other Agencies	218
Animal Control	143	V.H.C. Requests	83
Open Doors	7	O.H.R.V. Complaints	14
Police Information	27	911 Hang Up Calls	25

As our community grows and our problems increase, the TEAM concept becomes essential. I am once again asking the residents of Fremont for their help. Be aware of your neighborhoods. If you see anything that makes you suspicious, call the Police Department 679-2225. If you have an emergency, call 911 for help.

To the residents of Fremont, the Board of Selectmen, Town Office Staff, the members of the Fire Department, Rescue Squad, Highway Department and the members of the Police Department: Barbara Baker, Lieutenant Charles Rand, Daniel Whitman, Kevin Walsh, H.D. Wood IV, Reese Bassett, Chris Race, Chad Murphy, Ted Anagnos, and former officer, Shaun Marston THANK YOU for your continued support and cooperation.

Respectfully submitted,

Neal R. Janvrin
Chief of Police

VOLUNTEER RESCUE SQUAD REPORT

As I look over the past year I can see a significant rise in our call volume. As our town continues to grow and traffic increases on our roads, our call volume will only continue to grow. This year we are pleased to add three new members to the squad. New members are always welcome. One area we are very short on is weekday personnel. this is where having our police officers trained in first aid is extremely beneficial.

To close, I am thanking the residents, Rescue Squad family members and Squad members themselves for their continued support of this department.

Anyone with questions or calls of interest can reach me at 895-3099.

Respectfully submitted,

Kevin R Zukas
President

REPORT OF THE ROAD AGENT

Last year we finished major reconstruction projects. Every year for the past 14 years we have rebuilt one road in Fremont. From now on we will only need to overlay a road with finish courses of hottop and in some instances they could be sealed.

While there will be no major reconstruction in 2000, we plan to do more maintenance such as grading shoulders, ditching for water runoff, and fixing culverts to name a few.

We did some site work at the old landfill site in 1999, in preparation for the future site of a building to store salt and sand. We cut trees and graded and leveled the site. This helped with the Bulky Collection days, and will allow for us to layout the location of the storage building in the coming year. We hope to come forward with a building plan to be funded in 2001.

Please contact us before you hottop a driveway or install a fence. There are regulations on driveway installation and this includes receiving approval from the Road Agent before paving to ensure proper connection with the Town right-of-way for drainage. Fences cannot be installed within the Town right-of-way so please be sure you know where that is before working at the street edge of your property.

Thanks to all of the Departments and townspeople for your support. Also a big thanks to all of the men and women who work with us on the roads, especially during the winter months.

Respectfully submitted,

Guerwood M Holmes
Road Agent

Join us for the 200th Anniversary of the Olde Meetinghouse on May 28, 2000!

SANDOWN ROAD BRIDGE SUMMARY REPORT

With the submission of final cost reports to the NH Department of Transportation in late 1999, we have completed the expense report for the Sandown Road Bridge, which has been a work in process for four fiscal years (1996 - 2000).

The total expenses for the Sandown Road Bridge can be summarized as follows:

Design Engineering	\$73,389.49
Construction Engineering	23,524.28
Bridge Construction	335,179.23
Concrete Testing/Borings	2,074.20
Easements & Legal fees	3,000.00
Advertising	162.50
Wetlands Permit	55.88
Miscellaneous Other	123.52
Loam and Grass Seed	130.15
Grand Total Expenses	\$437,639.25

The total revenue received from the State of New Hampshire Bridge Aid Program is \$350,100.86; representing 80% of eligible project costs.

Two binders of information are available at the Town Office during normal office hours for review of materials related to the Sandown Road Bridge Project. This includes drawings, engineering specifications, all invoicing and correspondence information.

SOLID WASTE COMMITTEE REPORT

In 1999 the household trash was hauled by Waste Management of NH Inc under an extension of the contract originally awarded to Carl Hussey of Brentwood.

As usual, there were two collections of bulky goods, one in May and one in October. These collections are accomplished at very little cost to the town, thanks to the unpaid Solid Waste Committee and to the many volunteer workers who show up on collection days. More volunteers are always needed. Please call Edward Wall at 679-1926 to volunteer for future collection days.

Future collection days will be easier to manage with the expanded clear area at the old landfill site.

Respectfully submitted,

Edward Wall

FREMONT IN 1999 - FROM THE VIEW at TOWN HALL

While 1999 had fewer natural disasters than previous years, we were stunned with a sudden and overwhelming sense of loss triggered by the passing of several members of our community. With peace and fondness, we remember them all and miss their presence in our lives and contributions in various ways to their family and friends as well as the community. We have much to be appreciative of in our busy lives. Remember one another and what is really important in this life.

Betty Stanley's "retirement" was celebrated on a beautiful day May 2, 1999 with an Open House at the Fremont Safety Complex. Many local and neighboring residents, friends and family turned out for the gathering to honor Betty's 26 distinguished years as Town Clerk. She continues to be involved in the community as Deputy Town Clerk and with Fire Department and Town Office duties. Lori Holmes officially took over as Town Clerk after the March 1999 Town Meeting. The office has more hours and greater depth with both Lori and Betty in it.

The 1999 Memorial Day Celebration was unique. Sergeant Thomas McGall was presented with a Silver Star Medal on the thirty year anniversary of his courageous battle at Hamburger Hill in 1969. Special thanks for the success of this day are offered to Elaine McGall and Sonja Harkins, who helped organize and orchestrate a very memorable experience for all of us. They are the true spirit of patriotism. Richard Clark and the many of Tom's comrades who travelled far and wide to celebrate the special day with him are also owed a special mention. Thanks to all of the local residents who shared in making the day so memorable. We were pleased to host the spectacular Nashua Spartans Drum & Bugle Corps. Without the assistance of Elaine and Sonja much of the day would not have been what it was. Special thanks to both of them.

The Library Trustees hired Patience Kenney Jackson, Library Consultant, to prepare a detailed study of library space needs, current and future; and a building program. She has recently finalized her report and a diligent Study Committee continues to analyze options for the library expansion. Copies of the report will be available at the Library, Town Hall, and Safety Complex for the public to view. The Fremont Library Trustees have graciously accepted the School District's offer to donate a two acre parcel (02-163) on Route 107 across from the Joe Bonis Memorial Field for future library expansion. This project will be exciting for the Town. The Library Committee meets at the Safety Complex on the second and fourth Wednesdays of the month at 7:00 pm. The \$10,000 approved at the 1999 Town Meeting was used to fund the study, and the remainder was encumbered to continue site studies and investigative work into the year 2000. There are additional funds requested for the Capital Reserve Account to offset future anticipated construction costs.

Towns, Cities, and School Districts all over New Hampshire spent a great deal of time and energy in 1999 dealing with the formulation and implementation of a State-wide property tax. On October 15, 1999 the NH Supreme Court overturned the original legislation and sent towns scrambling, after a majority of tax rates had been set, and in Fremont, where the bills had been mailed just two days earlier! The Legislature quickly went back to work to come up with a plan (effective November 3, 1999) with a phase-in provision that was feasible and seemingly made the tax legal. The NH Department of Revenue Administration recertified tax rates quickly. We haven't seen the end of this dilemma, but for now Fremont made out well with the additional State aid to education. The tax rate for 1999 dropped by \$3.46 to \$18.47 per thousand.

The Fire Department purchased a new computer in 1999 which is now routinely used for tracking personnel and equipment. It facilitated implementation of the "Point Plan" compensation program which was funded at the 1999 Town Meeting and was very successful for those members participating. The Tax Collector's new computer was purchased and installed this fall, with relatively little disruption in service. All of our programs (tax and accounting) are year 2000 compliant and are working well. With all the hype, we did survive the turn of the clock to January 1, 2000 with no disruption at all! As of the date of this writing, we are still working on getting on line for e-mail services at the Town Offices. We will also have voicemail in the coming month or so. The Town might just be coming into the 21st century, kicking and screaming of course!

The Safety Complex especially, and Town Hall see increasing requests for use by community and civic groups. Scheduling at the Town Hall has included use of the Planning & Zoning meeting room in the basement as well as the second floor meeting room. The Census Bureau has used the Safety Complex a great deal as their local training site.

Census 2000 is in full swing. Distribution of public funds for the next decade will be determined in part by the population and housing numbers collected during this Census. Political representation in the US House of Representatives and State Legislatures will be based on Census 2000 numbers. It is vital that an accurate count is taken. Starting April 1, households to which the Post Office delivers mail directly will receive a Census questionnaire through the mail, requesting it be completed and returned by mail to the Census Bureau. Households that do not respond will be contacted by a Census Taker for the needed information. Look for your census form in the mail, complete it accurately and return it as indicated. It is important that we BE COUNTED!

The Recycling and Solid Waste Committee is looking into pay-per-bag options for Fremont due to the low volume of recycling. State Mandates for recycling percentages are far from being met in Fremont. The more waste the Town recycles, the lower are our costs for tonnage on waste disposed at the Turnkey Landfill. The Committee is gathering information and researching pay-per-bag programs and their effectiveness in other towns. There will be information available in future editions of the monthly town newsletter, and at least one public informational meeting in the fall. It is important that people understand the importance of recycling and the cost effects that trash has on municipal budgets and future landfill space.

A few reminders about trash collection: have your trash and recyclables out by 6:30 am on your collection day. If you have any questions about items for disposal or service by Waste Management of NH, please call their customer service line at 1 800 847-5303. We have been given a schedule of holiday pickup weeks for the year 2000. Mark your calendars on the following holiday weeks, that trash pickup will be delayed by one day for the weeks of Memorial Day, Independence Day, Labor Day, and Christmas Day. In each of these weeks, Wednesday pickup will be Thursday and Thursday pickup will be Friday. Thanksgiving week will only delay Thursday pickup to Friday.

The sustained growth of Fremont during the past year continues to test the school and town services. With Ellis School at capacity the Town is again faced with making some decisions about the future of our students and physical plant. The Epping/Fremont Cooperative School Board has compiled a proposal to build a new high school, which will be taken up at the Annual Epping/Fremont Cooperative School District Meeting on Thursday March 9, 2000 at 7:00 pm at the Epping Middle/High School. Your vote counts. Look for the posters and information on display, and attend an informational meeting to find out what the town's options include.

The lengthy project of residing the Town Hall was completed in February. The new "tin" was installed and painted over the summer. New windows were installed as well, and have made a marked difference in the comfort of the building. The walls are now insulated and the windows airtight.

We bid a fond farewell to Selectman Don Gates in March at the end of his three year term, and we thank him for all of his time and energy. Additionally, Joel Breton stepped down from the Planning Board; and Paul Stanley resigned as Sub-Registrar. Mary Jo Dzioba did not seek reappointment as a member of the Parks & Recreation Commission after six years of service. The individual contributions of all these folks are missed. Given the busy schedules we all have, the time one can commit to community service is always notable. Thank you one and all for giving so much of your time and energy to Fremont.

For the first time in several years, the Parks & Recreation Commission now has a full complement of members. They are working on the continued need for additional field space, utilizing the results of a topographical survey of the Bonis field and adjacent land. Thanks to all those who have assisted in this endeavor, including members of the Parks & Recreation Commission, Fremont Athletic Association, and Jeff Rowell, resident engineering expert; and the other residents and contractors who have spent Saturday mornings walking the ball field sites for various investigations.

Elsewhere in this report you will find inserted a green flyer that explains the State Law on Outdoor Burning Permits. We continue to receive frequent inquiries about how and where to obtain a burning permit. You can only burn after 5:00 pm unless it is raining or the ground is snow-covered. Decisions on permit issuance are made on a daily basis by the Forest Fire Warden depending on weather conditions (wind and precipitation). You cannot receive a permit in advance. Permits are issued on the day of burning, for that day only. To obtain a permit to burn brush during the workday when raining or snow-covered ground conditions exist, call the Forest Fire Warden at 895-2561. Evenings and weekends call Raymond Dispatch non-emergency line at 895-4222, and leave your name and telephone number. A fire duty officer will get back to you.

A big celebration will be held on May 28, 2000 to commemorate the 200th anniversary of the Town's Historic Olde Meetinghouse. There will be a separate program of events which will immediately follow the annual Memorial Day Celebration. Some of the scheduled events include Abraham Lincoln, Straphreys & Reel Society musicians, and food vendors. If you are interested in helping, or want more information, please contact Town Historian Matthew Thomas for more details. **Mark your calendar for an event-filled day MAY 28, 2000!**

During the year 2000, we will continue to work on plans for the Highway storage shed at the former landfill site on Route 111A; the library expansion; recreational field development; and a point plan compensation program for the Rescue Squad. On a continuum are the daily administrative tasks and updates to policies and procedures that keep town functions on an even keel.

The Town can always use the help of people in the community looking for a way to get involved. There is a newly formed "Friends of the Library" group headed up by Cheryl Rowell. Among other things, they are exploring fund-raising options for the Library's future. The Library Study Committee continues to meet on a regular basis, the Fire and Rescue Departments have seen some increased participation, assisting those in their time of need. The Police Explorers are seeking interested youth to become involved as well.

Meetings for all of the Town Boards and Commissions are posted at the Town Hall and Post Office; as well as advertised in the monthly Town Newsletter. All meetings are open to the public and welcome input from interested citizenry.

Regular Board and Committee meetings include the following:

At the Town Hall - Main Floor Meeting Room

Conservation Commission - First Monday of each month at 7:30 pm
Parks & Recreation Commission - Second Monday of each month at 7:00 pm
Board of Selectmen - Every Thursday at 7:00 pm
Budget Committee - Monday evenings at 7:30 pm
October through January and once quarterly the remainder of the year

At the Town Hall - Basement Meeting Room

Planning Board - Wednesday evenings at 7:30
September through May - the first three Wednesdays of the month
June, July and August - the first two Wednesdays of the month
Zoning Board of Adjustment - Last Tuesday of each month at 7:30 pm

At the Safety Complex:

Fire Association - First Monday of each month at 7:00 pm
Rescue Squad - Second Monday of each month at 7:00 pm
Library Study Committee - Second and Fourth Wednesdays at 7:00 pm

The upcoming Annual Meetings for 2000 include:

Fremont/Epping Cooperative School District Meeting will be held on Thursday evening March 9, 2000 at the Epping Middle/High School in Epping at 7:00 pm.

Fremont Annual School District Meeting will be held at 5:00 pm on Saturday evening March 11, 2000 at Ellis School.

Ballot voting for Town, School, and Cooperative School officials as well as zoning amendments on Tuesday March 14, 2000 from 8:00 am to 7:00 pm at the Town Hall.

Fremont Annual Town Meeting will be held at 5:00 pm on Saturday evening March 18, 2000 at Ellis School.

To all those who help out with special projects, bake sales, fund raisers, volunteer on Boards and Committees, the public safety services, etc, (the list is lengthy!), your contributions are vitally important to this town. We could never thank you enough for your energy, dedication and service to the Town. Know that it is important and deeply appreciated.

FOR TOWN REPORTS SEXUAL ASSAULT SUPPORT SERVICES

Sexual Assault Support Services is dedicated to supporting victims/survivors in their effort to heal from the trauma of sexual assault and childhood sexual abuse, while striving to prevent the occurrence of sexual violence in local communities and in society at large.

This mission is accomplished by providing the following services:

- Toll-free confidential 24-hour crisis intervention hotline: (888) 747-7070;
- Outreach office for Strafford County located in Rochester at One Wakefield Street (332-0775);
- Accompaniment to medical and legal (police and court) appointments;
- Information and referral to related services such as attorneys and therapists;
- Support groups for survivors, their parents and partners;
- Child sexual assault prevention education programs in area schools, recreation programs, camps, and scouts;
- Adolescent workshops on sexual harassment and sexual assault;
- Professional training and consultation to police departments, hospitals, and school personnel and human services agencies;
- Sexual harassment in the workplace, workshops to municipalities and businesses.

Our program is committed to providing support, education and advocacy to all survivors of sexual assault and sexual abuse and their parents, partners and other community members.

The primary objectives of Sexual Assault Support Services are to empower survivors and to support them in their healing process and to educate the community, heightening awareness of sexual assault and its prevention. We provide prevention programs throughout the school systems in order to broaden awareness among students, teachers, and the community of the issues of sexual assault and harassment. In addition, our staff coordinates with the police departments and hospitals staff to improve response to sexual assault cases and to assure a supportive environment for the survivors.

Sexual Assault Support Services has provided services for 20 years. Volunteers are welcome and are utilized in all aspects of the program. For further information regarding our program please contact us at (603) 436- 4107.

SCHOOL WARRANT
STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the Town of Fremont, New Hampshire, qualified to vote in District affairs:

You are hereby notified to meet at the Town Hall in said District on the fourteenth day of March, 2000, at eight o'clock in the forenoon to act upon the following subjects: (The polls may not close before seven o'clock in the evening.)

1. To choose a Moderator for the ensuing year.
2. To choose a Clerk for the ensuing year.
3. To choose a Treasurer for the ensuing year.
4. To choose two School Board Members for the ensuing three years.
5. To transact any other business which may legally come before this meeting.

Given under our hands at said Fremont this 26th day of January, 2000.

FREMONT SCHOOL BOARD

SCHOOL WARRANT

STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the Town of Fremont, New Hampshire, qualified to vote in District affairs:

You are hereby notified to meet at the Laurence Pettengill Hall, Ellis School, in said District on the 11th day of March 2000, at five o'clock in the evening to act upon the following subjects:

1. To hear reports of agents, auditors, and committees or officers chosen and pass any vote relating thereto.
2. To see if the District will appropriate up to the sum of Ten Thousand Dollars (\$10,000) to add to the expendable general fund trust known as the Ellis School Building and Grounds Maintenance Fund. This appropriation is to be funded with available surplus audited funds at the close of the 1999-2000 school year on June 30, 2000. If the surplus audited funds are less than the requested appropriation, the trust fund appropriation will be reduced to that amount. (Majority vote required)

(Recommended by the Fremont School Board)
(Recommended by the Fremont Budget Committee)

3. To see if the District will vote to raise and appropriate the sum of One Hundred-Thirty Thousand Dollars (\$130,000) to install a sprinkler fire protection system in order to have full sprinkler fire protection for Ellis School. (Majority vote required)

(Recommended by the Fremont School Board)
(Recommended by the Fremont Budget Committee)

4. To see what sum of money the District will raise and appropriate for the support of schools, for the payment of salaries for school district officials and agents, and for the payment of statutory obligations of the District. This article does not include appropriations voted in other warrant articles. (Majority vote required)

PLEASE PROVIDE FURTHER DETAIL:

* Amount of line 5252 which is for Health Maintenance Trust \$ _____ (see RSA 198:20-c, V)

Help! We ask your assistance in the following. If you have a line item of appropriations from more than one warrant article, please use the space below to identify the make-up of the line total for the ensuing year.

Acct. #	Warr. Art. #	Amount	Acct. #	Warr. Art. #	Amount

..SPECIAL WARRANT ARTICLES..

Special warrant articles are defined in RSA 32:3.VI. as appropriations 1) in petitioned warrant articles; 2) appropriations raised by bonds or notes; 3) appropriations to a separate fund created pursuant to law, such as capital reserve funds or trust funds; 4) an appropriation designated on the warrant as a special article or as a nonleapling or nontransferable article.

[illegible]

“INDIVIDUAL WARRANT ARTICLES”

Individual" warrant articles are not necessarily the same as "special warrant articles". Examples of individual warrant articles might be: 1) Negotiated cost item for labor agreements; 2) Contingency appropriations; 3) Supplemental appropriations for the current year for which funding is already available; or 4) Deficit appropriations for the current year which must be funded through taxation.

FREMONT SCHOOL DISTRICT MEETING
ELLIS SCHOOL – PETTENGILL HALL
MARCH 6, 1999

Moderator Maureen Buhrman called the school district meeting to order at 5:00 p.m.. There were 158 residents in attendance. The official School District Warrant was read. The guests were then introduced; Mr. Robert Bell (Superintendent), Barbara Munsey (Business Manager), Mary Jo Reynolds (Principal). The school board members in attendance were: Michael Miller (Chairman), Mary Jo Dzioba, Patricia Gaddis, Lori Holmes and Peter Karamourtopoulos.

Article #1 was read:

1. To hear reports of agents, auditors, and committees or officers chosen and pass any vote relating thereto.

A motion was made by Mike Miller, seconded by Lori Holmes, to renew the Cooperative Committee for a term of three more years. No discussion followed. Article 1 passed by voice vote.

Michael Miller made a motion to take question 8 out of order and address it as the next order of business. Lori Holmes seconded the motion. The motion passed by voice vote.

Article 8 was read by the Cooperative Committee, Christine Kenneway, Helena Dryer, and school board representative Peter Karamourtopoulos. Christine Kenneway went on and read each Article of Agreement pertaining to question 8. After each Article, the governing body was asked if there were questions. After all 20 Articles were read discussion began. Mike Miller called to move Article 8 for a vote, it was seconded by Robert O'Brien. Vote by secret ballot: 149 YES – 9 NO.

2. To see if the District will appropriate up to the sum of Ten Thousand Dollars (\$10,000) to add to the expendable general fund trust known as the Ellis School Building and Grounds Maintenance Fund. This appropriation is to be funded with available surplus audited funds at the close of the 1998-99 school year on June 30, 1999. If the surplus audited funds are less than the requested appropriation, the trust fund appropriation will be reduced to that amount. (Majority vote required)

(Recommended by the Fremont School Board)
(Recommended by the Fremont Budget Committee)

A motion was made by Lori Holmes, seconded by Mike Miller. There was no discussion. The motion passed by voice vote, no nays.

3. To see if the District will appropriate up to the sum of Ten Thousand Dollars (\$10,000) to improve the student transportation system by reducing the walking distance to and from bus stops from 1.0 mile to 0.5 mile for elementary students, and to add additional bus stops for the high school students. (Majority vote required)

(Recommended by the Fremont School Board)
(Recommended by the Fremont Budget Committee)

A motion was made by Patty Gaddis, seconded by Peter Karamourtopoulos. There was no discussion. The motion passed by voice vote.

4. To see if the District will vote to raise and appropriate the sum of Three Thousand Five Hundred Dollars (\$3,500) for architectural and/or engineering services to design a sprinkler fire protection system, develop bid specifications, and oversee the bid process in order to complete the sprinkler fire protection system in Ellis School. (Majority vote required)

(Recommended by the Fremont School Board)
(Recommended by the Fremont Budget Committee)

A motion was made by Peter Karamourtopoulos, seconded by Lori Holmes. There was no discussion. The motion passed by voice vote.

5. To see if the District will vote to raise and appropriate the sum of Twenty Two Thousand Four Hundred Fifty Dollars (\$22,450) for partial roof replacement on Ellis School. (Majority vote required)

(Recommended by the Fremont School Board)
(Recommended by the Fremont Budget Committee)

A motion was made by Lori Holmes, seconded by Mike Miller. There was no discussion. The motion passed by voice vote.

6. To see if the District will vote to raise and appropriate the sum of Seven Thousand Five Hundred Dollars (\$7,500) to improve water drainage in the Ellis School parking lot. (Majority vote required)

(Recommended by the Fremont School Board)
(Recommended by the Fremont Budget Committee)

A motion was made by Mike Miller, seconded by Mary Jo Dzioba. There was no discussion. The motion passed by voice vote.

7. To see what sum of money the District will raise and appropriate for the support of schools, for the payment of salaries for school district officials and agents, and for the

payment of statutory obligations of the District. This article does not include appropriations voted in other warrant articles. (Majority vote required)

(Recommended by the Fremont School Board)
(\$4,003,000 Recommended by the Fremont Budget Committee)

A motion was made by Mary Jo Dzioba, seconded by Lori Holmes. Discussion ensued. Mr. Roy offered to amend the amount to \$4,003,000. The motion was seconded by Steve Carter, discussion ensued. Mike Miller moved the motion. There was a hand count: 36 YES – 94 NO. The amendment was defeated. Article 7 was revisited as originally presented and passed by a voice vote.

A motion for non-consideration was made by Mike Miller, seconded by Lori Holmes. It passed by voice vote.

8. Shall the school district accept the provisions of RSA 195 (as amended) providing for the establishment of a cooperative school district, together with the school district of Epping, in accordance with the provisions of the proposed articles of agreement filed with the school district clerk?

Yes _____ No _____

The amended Articles of Agreement are on file with the Epping and Fremont school district clerks and are included in the school warrant for this annual school district meeting. Such vote to be contingent upon acceptance of a similar warrant article by the Epping School District at its March 11, 1999 annual school district meeting, second session.

Articles of Agreement between the Epping School District
And the
Fremont School District
As Approved by the
Cooperative School District Planning Board

ARTICLE 1: The school districts of Epping and Fremont shall be combined to form a Cooperative K-12 School District which shall be named the Epping/Fremont Cooperative School District pursuant to RSA 195. The name of the Cooperative School District shall be determined by the newly elected Cooperative School Board.

ARTICLE 2: The Cooperative School District shall be responsible for grades K, 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, and 12. Elementary students, K-5, will be allowed to attend elementary school in their own town.

ARTICLE 3: The Board of the Epping/Fremont Cooperative School District shall consist of seven members elected at the organizational meeting to be held before June 30, 1999, in the following manner:

- Two (one member each from Epping and Fremont) term ending 2000
- Two (one member each from Epping and Fremont) term ending 2001
- Two (one member each from Epping and Fremont) term ending 2002
- One resident from either Epping or Fremont (member at large) term ending 2002

All members of the Cooperative School Board shall be elected by use of the non partisan ballot system under RSA 671, all members elected subsequent to the organizational meeting shall be elected to three year terms.

ARTICLE 4: A new senior high school, grades 9 through 12, shall be constructed in the Cooperative School District.

A Site Committee of equal members from each town will be formed by the Cooperative School Planning Board and make a recommendation to the Cooperative School Board. The committee will establish criteria and choose a site that best meets the educational and financial needs of both communities. Elementary schools shall be maintained in each pre-existing district.

ARTICLE 5: The Epping/Fremont Cooperative School District shall acquire all the property including equipment of the Fremont School District and the Epping School District. Following is the acquired property:

1. The Ellis Elementary School, land and contents, and approximately 91 acres known as Parcel 2-151, 2-151.1 and 2-163.
2. The Epping Elementary and Epping Middle/High School, land & contents.

Not included in the acquisition:

1. Fremont Vault, located at the Ellis School, which will remain the property of the town of Fremont. The vault will be accessible during regular school hours or by special arrangements made through the SAU.
2. The Epping Watson Academy and the Epping Central School building and adjacent land.

ARTICLE 6: Property shall be conveyed to and shall vest in the Epping/Fremont Cooperative School District upon the basis of a separate appraisal by a committee established as provided in RSA 195:9, which shall be assessed upon the preexisting districts and paid in accordance with the formula set forth in Article 7.

ARTICLE 7: The capital and operating expenses of the Cooperative School District, payable in each fiscal year, shall be apportioned with the ratio of 50% based on the average daily membership of pupils in approved public schools residing in each town of the Cooperative School District during the second preceding fiscal year as determined by the New Hampshire Department of Education, and 50% based on the ratio of the equalized property values in Epping and Fremont, established by the New Hampshire Department of Revenue Administration for the preceding year to the total equalized property value of the towns in the Cooperative School District.

ARTICLE 8: The Cooperative School Board of the Cooperative School District may revise the payment schedule as necessary and shall establish a schedule of monthly payments based on the apportionment of monthly capital and operating expenses.

ARTICLE 9: After the date of operating responsibility, the state aid to which each district would be entitled for grades K-12 if it were not part of a Cooperative School District shall be paid to the Cooperative School District and credited to each district's share of the total operating budget.

ARTICLE 10: The Cooperative School District shall provide pupil transportation for all students of the Cooperative School District as required by law, RSA 189:6-9-a, and otherwise as determined by the Cooperative School District Board.

ARTICLE 11: Notwithstanding the provisions of RSA 195:6, the Cooperative School District does not assume the outstanding indebtedness and legal obligations of the pre-existing School Districts. Each pre-existing School District shall continue its legal existence for such period of time as may be necessary to satisfy any outstanding legal obligation including pending litigation of which the District has knowledge as of the date of operating responsibility. Each pre-existing District is specifically authorized to retain any cash balances, including capital reserve accounts, for the purpose of meeting its obligations or indebtedness as of the date of operating responsibility. The parties by mutual agreement may specifically exempt from this provision any obligations directly related to the school facilities which are being transferred by the pre-existing Districts to the Cooperative, provided the same are clearly identified. Each pre-existing District agrees to indemnify and save harmless the Cooperative from any claims that may be made against the Cooperative as a result of the obligations and indebtedness of the pre-existing District as of the date of operating responsibility.

ARTICLE 12: Any trust funds held by a pre-existing school district will continue to be held by the Trustee of the Trust Fund of the pre-existing school district the income of which to be used for the benefit of the Cooperative applying credit to the pre-existing school district.

ARTICLE 13: Any Capital Reserve Accounts are to be retained by the preexisting school district.

ARTICLE 14: The newly elected school board of the Epping/Fremont Cooperative School District shall be allowed to call for a special meeting to raise and appropriate operating funds while the Cooperative is being organized and incurs costs relating to the planning and design of the proposed new high school facility.

ARTICLE 15: It is the specific intention of the voters to ratify these Articles of Agreement, that the Cooperative School District as a new legal entity shall as soon as reasonably possible establish a new contract covering the terms and conditions of employment and not fund any existing collective bargaining agreement.

ARTICLE 16: These Articles of Agreement may be amended by the Cooperative School District consistent with the provisions of RSA 195:18 III (1), except that no amendment shall be effective unless the question of adopting such amendment is submitted at a Cooperative School District meeting after reasonable opportunity for debate in open meetings, and unless a 2/3 majority of the voters of the Cooperative School District who are present and voting shall vote in favor of adopting such amendment. Furthermore, no amendment of these articles shall be considered except at an annual or special meeting of the Cooperative School District and unless the text of such amendment is included in an appropriate article in the warrant for such a meeting. The revision of the payment schedule in Article 8 is excluded from this process.

The Cooperative School Board shall hold a public hearing concerning the adoption of any amendment to these articles of agreement at least ten (10) days before such annual or special meeting and shall cause notice of such hearing and the text of the proposed amendment to be published in a newspaper having a general circulation in the district at least fourteen (14) days before such hearing.

Until the date of operating responsibility is assumed, the Cooperative School Board is empowered to call a special district meeting under the procedures outlined above for the purpose of amending the Articles of Agreement.

ARTICLE 17: The date of operating responsibility of the Epping-Fremont Cooperative School District will be July 1, 2001. Member districts will remain responsible for their own school districts until July 1, 2001.

ARTICLE 18: The creation of a Cooperative School District herein set forth is conditioned upon the newly created district adopting a plan for undertaking the financing and construction of a high school facility on or before the first day of April, 2001. The Cooperative School District herein established shall terminate and the Articles of Agreement shall be declared null and void in the event that the School District has not adopted a plan for financing construction of a high school facility on or before the first day of April, 2001.

In the event these Articles shall be null and void as a result of the above provisions, the School District shall close its books and distribute its assets in accordance with the formulas established herein sixty (60) days after the Articles become null and void.

19. The apportionment of net worth of existing property shall be determined on the basis of equalized valuation of each town as of April 1, 2001. The assumed outstanding debt as of June 30, 2001, shall be deducted from the appraised value of the existing property determined by the N.H. Department of Revenue Administration. The sum of these values will determine the net worth of the cooperative.

The basis for apportioning the net worth will be the difference between apportioned net worth and actual net worth per preexisting district and shall be paid or received by each preexisting district. The annual payment shall be ten percent (10%) of this amount for ten (10) years, without interest.

20. Students attending any public high school other than Epping Middle/High School at the time the district assumes operating responsibility will be allowed to continue their education at the high school they are attending. Tuition will be paid by the sending community. No transportation will be provided.

9. To transact any other business which may legally come before this meeting.

There was no further discussion.

The meeting adjourned at 6:35 p.m.

Respectfully submitted,

Susan Miller

School Board Report

The 1999-2000 school year began with a new addition to the Ellis School playground. We would like to take this opportunity to thank the Fremont P.T.A and all their volunteers for making this dream become reality. You are a dedicated group of people that the Ellis School students continue to benefit from in so many positive ways.

The New Year also brought improvements to our facility. The installation of the windows in the middle school completed the replacement project. The roof was replaced on the front section of the school. This will hopefully alleviate our problems with leakage we have had in the past. The most recent improvement was the repairing of the drainage of water in our side parking lot.

There now appears to be one major improvement yet to be made. There is approximately 40% of the Ellis School that needs to be sprinkled. We are presently under a waiver from the N. H. State Fire Marshall's office. When obtaining this waiver we were instructed to keep making improvements to sprinkle the remainder of the building. At this time there is a possibility that we could receive 40% state aid toward this project due to the status of the cooperative venture. The safety of the population of our school is a concern to us and we would appreciate your support on this warrant article at the School District Meeting.

We have discussed the increase in our population many times and this year is no different. Overcrowding continues to be one of our major concerns. We presently have 418 students in grades 1-8 at Ellis. We also have 22 students in our preschool. We are in our second year of a two year tuition contract with the Epping School District. At the end of this year, if a plan has not been put into place, we will have no high school to send our outgoing 8th grade students to. Decisions need to be made so please try to educate yourself with the options available to us.

Financially our year was also off to a positive start. A year end surplus of \$225,472.00 was generated due to operational savings, savings in Special Education tuition, and grants. In addition Fremont received \$1,200,989.00 from the state for its portion for funding education.

We continue to support a 3 year technology plan. We were able to purchase 16 new Gateway computers that replaced computers in grades 5-8. We were also fortunate this year to have Technology Specialist Micah Wells. Micah has supported us from wiring the computers to the ability to learn and use them successfully. He has made our computer lab available to the public on the second and fourth Wednesdays of the month from 6-8pm. Come in and say hi!

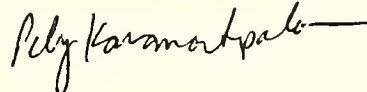

We believe the education of our students at the Ellis School is always improving. This is only made possible by the dedication of the staff, the parents, and the community. Thank You to all of you who truly make a difference.

Michael Miller

NOTES

Principal's Report

The 1999-2000 academic year has been one of curriculum enhancement initiatives and significant professional development for teachers. Workshops and curriculum committees in the area of math, language arts and technology have enhanced teacher's skills and benefited students learning. Just as the students are variable, so must their schooling provide complementary diversity, choices of curricular content, multiple approaches to teaching and diverse grouping formats. The staff recognizes that expecting every student to learn the same material at the same time as a result of the same exposure is contradictory to his or her developmental diversity.

With this in mind, the Math committee has made suggestions for a realignment of the Math curriculum to include both hands-on experiences as well as drill and memorization, and a teachers committee will be working on this through the end of the school year. Many teachers were trained during the summer in Project Read, a mainstream language arts program for students who need a systematic learning experience with direct teaching of concepts and skills through multisensory techniques. Teachers have begun to use this approach in their classrooms as another tool to help all children reach their highest potential. It is used along with Won Way as part of our overall reading program. Teachers have also spent hours this year with our new Technology Specialist, learning new software and ways of integrating the computer into the curriculum. Staff was given five computer competencies that they were required to master before the end of the year, and this has resulted in a real growth in computer literacy among the staff, which has translated into computer growth for students.

This year a community committee that included the Fremont School Board, Ellis School staff members, Fire Dept., Police Dept., our Health officer, Fremont Selectmen and the Volunteer Rescue Squad met together to evaluate safety procedures at the school. During the late spring and summer of last year, the Emergency Management Plan committee worked diligently to create an emergency plan for the Ellis School which would help prepare staff for dealing with a variety of emergency events. This was presented to the Fremont School Board for their approval in August. The Plan addresses natural disasters, such as earthquakes and tornadoes, as well as acts of violence in the school. Our Emergency Management Plan is comprehensive yet not overly complex. Our school recognizes that there are many types of emergencies that can occur in our society today, emergencies that we cannot predict or prevent. Our Plan will help staff prepare students for these situations.

We thank the School Board, the Superintendent of Schools and his staff, and the parents of our students for their support and encouragement.

Respectfully submitted,

Mary J. Reynolds, Principal

Superintendent's Report

After working with the Epping-Fremont Cooperative School Board for another year, I am more convinced than ever that the building of an Epping-Fremont Cooperative High School would be a tremendous advantage for all students of Fremont.

The building of a high school will help us to upgrade the entire school system. When the school opens in September of 2001, our middle school students could move to the present Epping Middle/High School. This would allow them to participate in a true middle school program and have full access to science labs, a computer lab and expanded programs in Math, French, Technology, Consumer Sciences and Reading. Our elementary school will have space to grow and also accommodate a kindergarten program. The elementary school is completely full and this issue must be addressed immediately.

Of course the advantages of your high school students attending a technologically up-to-date, 21st century facility are obvious. Our students will have the opportunity to have a diverse curriculum that will provide competitive academic classes, a broad range of sports, extra curricular activities and a strong emphasis on the arts.

A positive vote on March 9th would be a great advancement for the entire Fremont School system and save the taxpayers millions of dollars by sharing costs. This is the most cost effective, economically sound way to provide all of the children of Fremont a quality education and prepare them to live and work in the 21st century.

I strongly recommend that every Fremont resident attend the Epping-Fremont Cooperative School District Meeting on Thursday, March 9th at 7:00 p.m., and cast their vote for the cooperative high school. The future of your children is at stake.

Respectfully Submitted,

Robert F. Bell
Superintendent

AND
SCHOOL ADMINISTRATIVE UNIT No. 14 MEETING

A Public Hearing and a School Administrative Unit No. 14 Meeting on this proposed budget for School Administrative Unit No. 14 will be held on Tuesday, December 21, 1999, 6:30 to 7:00 p.m. at the Ellis School, Fremont, NH.

193 North Main Street • Concord • New Hampshire • 03301-5063 • 603-225-6996 • FAX-224-1380

INDEPENDENT AUDITOR'S REPORT

To the Members of the School Board
Fremont School District
Fremont, New Hampshire

We have audited the accompanying general purpose financial statements of the Fremont School District as of and for the year ended June 30, 1999 as listed in the table of contents. These general purpose financial statements are the responsibility of the School District's management. Our responsibility is to express an opinion on these general purpose financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The general purpose financial statements referred to above do not include the general fixed assets account group which should be included in order to conform with generally accepted accounting principles. As is the case with most municipal entities in the State of New Hampshire, the Fremont School District has not maintained historical cost records of its fixed assets. The amount that should be recorded in the general fixed assets account group is not known.

In our opinion, except for the effect on the financial statements of the omission described in the preceding paragraph, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the Fremont School District, as of June 30, 1999, and the results of its operations and the cash flows of its nonexpendable trust funds for the year then ended in conformity with generally accepted accounting principles.

The Unaudited Supplementary Information on page 17 is not a required part of the basic financial statements but is supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. However, we did not audit the information and do not express an opinion on it. In addition, we do not provide assurance that the Fremont School District is or will become year 2000 compliant, the Fremont School District's year 2000 remediation efforts will be successful in whole or in part, or that parties with which the Fremont School District does business are or will become year 2000 compliant.

Our audit was made for the purpose of forming an opinion on the general purpose financial statements of the Fremont School District taken as a whole. The combining and individual fund financial statements listed as schedules in the table of contents are presented for purposes of additional analysis and are not a required part of the general purpose financial statements of the Fremont School District. Such information has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in our opinion, is fairly presented in all material respects in relation to the general purpose financial statements taken as a whole.

COOPERATIVE SCHOOL DISTRICT WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Cooperative School District consisting of the school districts of Epping and Fremont, New Hampshire, qualified to vote in District affairs:

You are hereby notified to meet at the Epping Gymnasium, Epping Middle/High School in said District on the Ninth Day of March 2000, at seven o'clock in the evening, to act upon the following subjects:

1. To hear reports of agents, auditors, and committees or officers chosen and pass any vote relating thereto.
2. To see if the School District will vote to raise and appropriate, up to and not to exceed, the sum of twelve million, seven hundred-ninety-five thousand dollars (\$12,795,000) for the construction of a high school, and said sum to be offset by state building aid of 40% over the term of the bond, and to authorize the school board to apply for, obtain and accept federal, state or other aid, if any, which may be available for set project and to comply with all laws applicable to such project, to authorize the balance to be raised by the issuance of bonds or notes in accordance with the provisions of the Municipal Finance Act (RSA Chapter 33), and to authorize the school board to issue and negotiate such bonds or notes and to determine the rate of interest hereon and the maturity and other terms thereof; and further to raise and appropriate the sum of Three Hundred-Ninety-Nine Thousand, Sixty-Nine Dollars (\$399,069) which represents the first year principal and interest payment. The school board recommends this appropriation. (2/3-ballot vote required)
3. To see what sum of money the School District will vote to raise and appropriate for the payment of operational expenses of the School District, for the payment of salaries for School District officials and agents, and for the payment of statutory obligations of the School District, or to take any other action relative thereto. This article does not include appropriations voted in other articles.

*Note: You will also be required to pay a State Education Tax RSA 76:3 and you may be required to pay an additional excess education tax in the amount of \$_____.

Report of the Epping Fremont Cooperative School Board

At the Cooperative District meeting this year the residents of our two communities will have the opportunity to vote on a proposal to build a new cooperative high school for the students of our two towns. The Cooperative Board has spent the past year preparing for this meeting. There have been committees (made up of residents of both towns) that worked on the curriculums, the selection of the building site and the design and features of the proposed building. These people, many of whom are not elected officials, have worked very hard to prepare this proposal which will be put before you at the meeting.

The proposed Cooperative High School will be located on 33 acres on Old Hedding Road in Epping. With its completion grades 9-12 will be moved there. The current Epping Middle/High will become the Cooperative Middle School housing grades 6, 7, & 8. The two elementary schools will teach students from kindergarten through fifth grade. When the new high school opens every building in the system will have space for an increase in the student population. The high school will open with about 486 students with room to grow to 600 without any new construction.

The new curriculum in the high school will provide more opportunities for the students in terms of electives and scheduling. More advanced courses for students in college prep, business and general education will be provided. The curriculum will be strengthened by additional technology, computer course offerings, and modern science labs. These advances lay the foundation for an education that will prepare our children to compete successfully within the workplace, and with the students that they will meet within the schools that they attend after high school.

Working together our communities can have a school system that offers more opportunity for the students than either could afford alone. We are offering you the information (bond, projected operating budget for 2001/2002, and projected curriculum offerings) to make an informed vote. Please give this proposal your careful consideration.

Joseph Foley

Chairman Epping Fremont Cooperative School Board

Vote on Cooperative Warrant and High School Bond on March 9 at 7 PM at Epping Middle/High School. Gym

A Bus Will Be Available Free Of Charge To Residents (accomplished through private citizen donations) at the Ellis School Parking lot beginning at 6:00 PM. A second run will be available if needed at 6:30 PM. The bus will return to the Ellis Parking lot after the vote has been taken.

Call Linda Zukas @ 895-3099 for more information.

Directions for those driving:

Take Beede Rd to 101 east, follow to Epping exit #7

Take a left off exit onto route 125

Take a left just before Cumberland Farms, you are now on Main St.

- Go through intersection with blinking red light, remain on Main St.

The school is located on Prospect St. which is your second left after

The cemetery on the left.

There will be a sign and people to direct you.

If you do not wish to take route 101 then take a right onto North Rd. from Beede Rd. and then take a left onto route 125 from North Rd. the rest of the directions remain the same.
